Foreword

¶ To record time is to imprint
a sequence of activities.

¶ To use what others have ac-
complished and to blend with
this our best is to obtain a
greater success.

The Class of 1926

Who will become the leaders
of all classes.

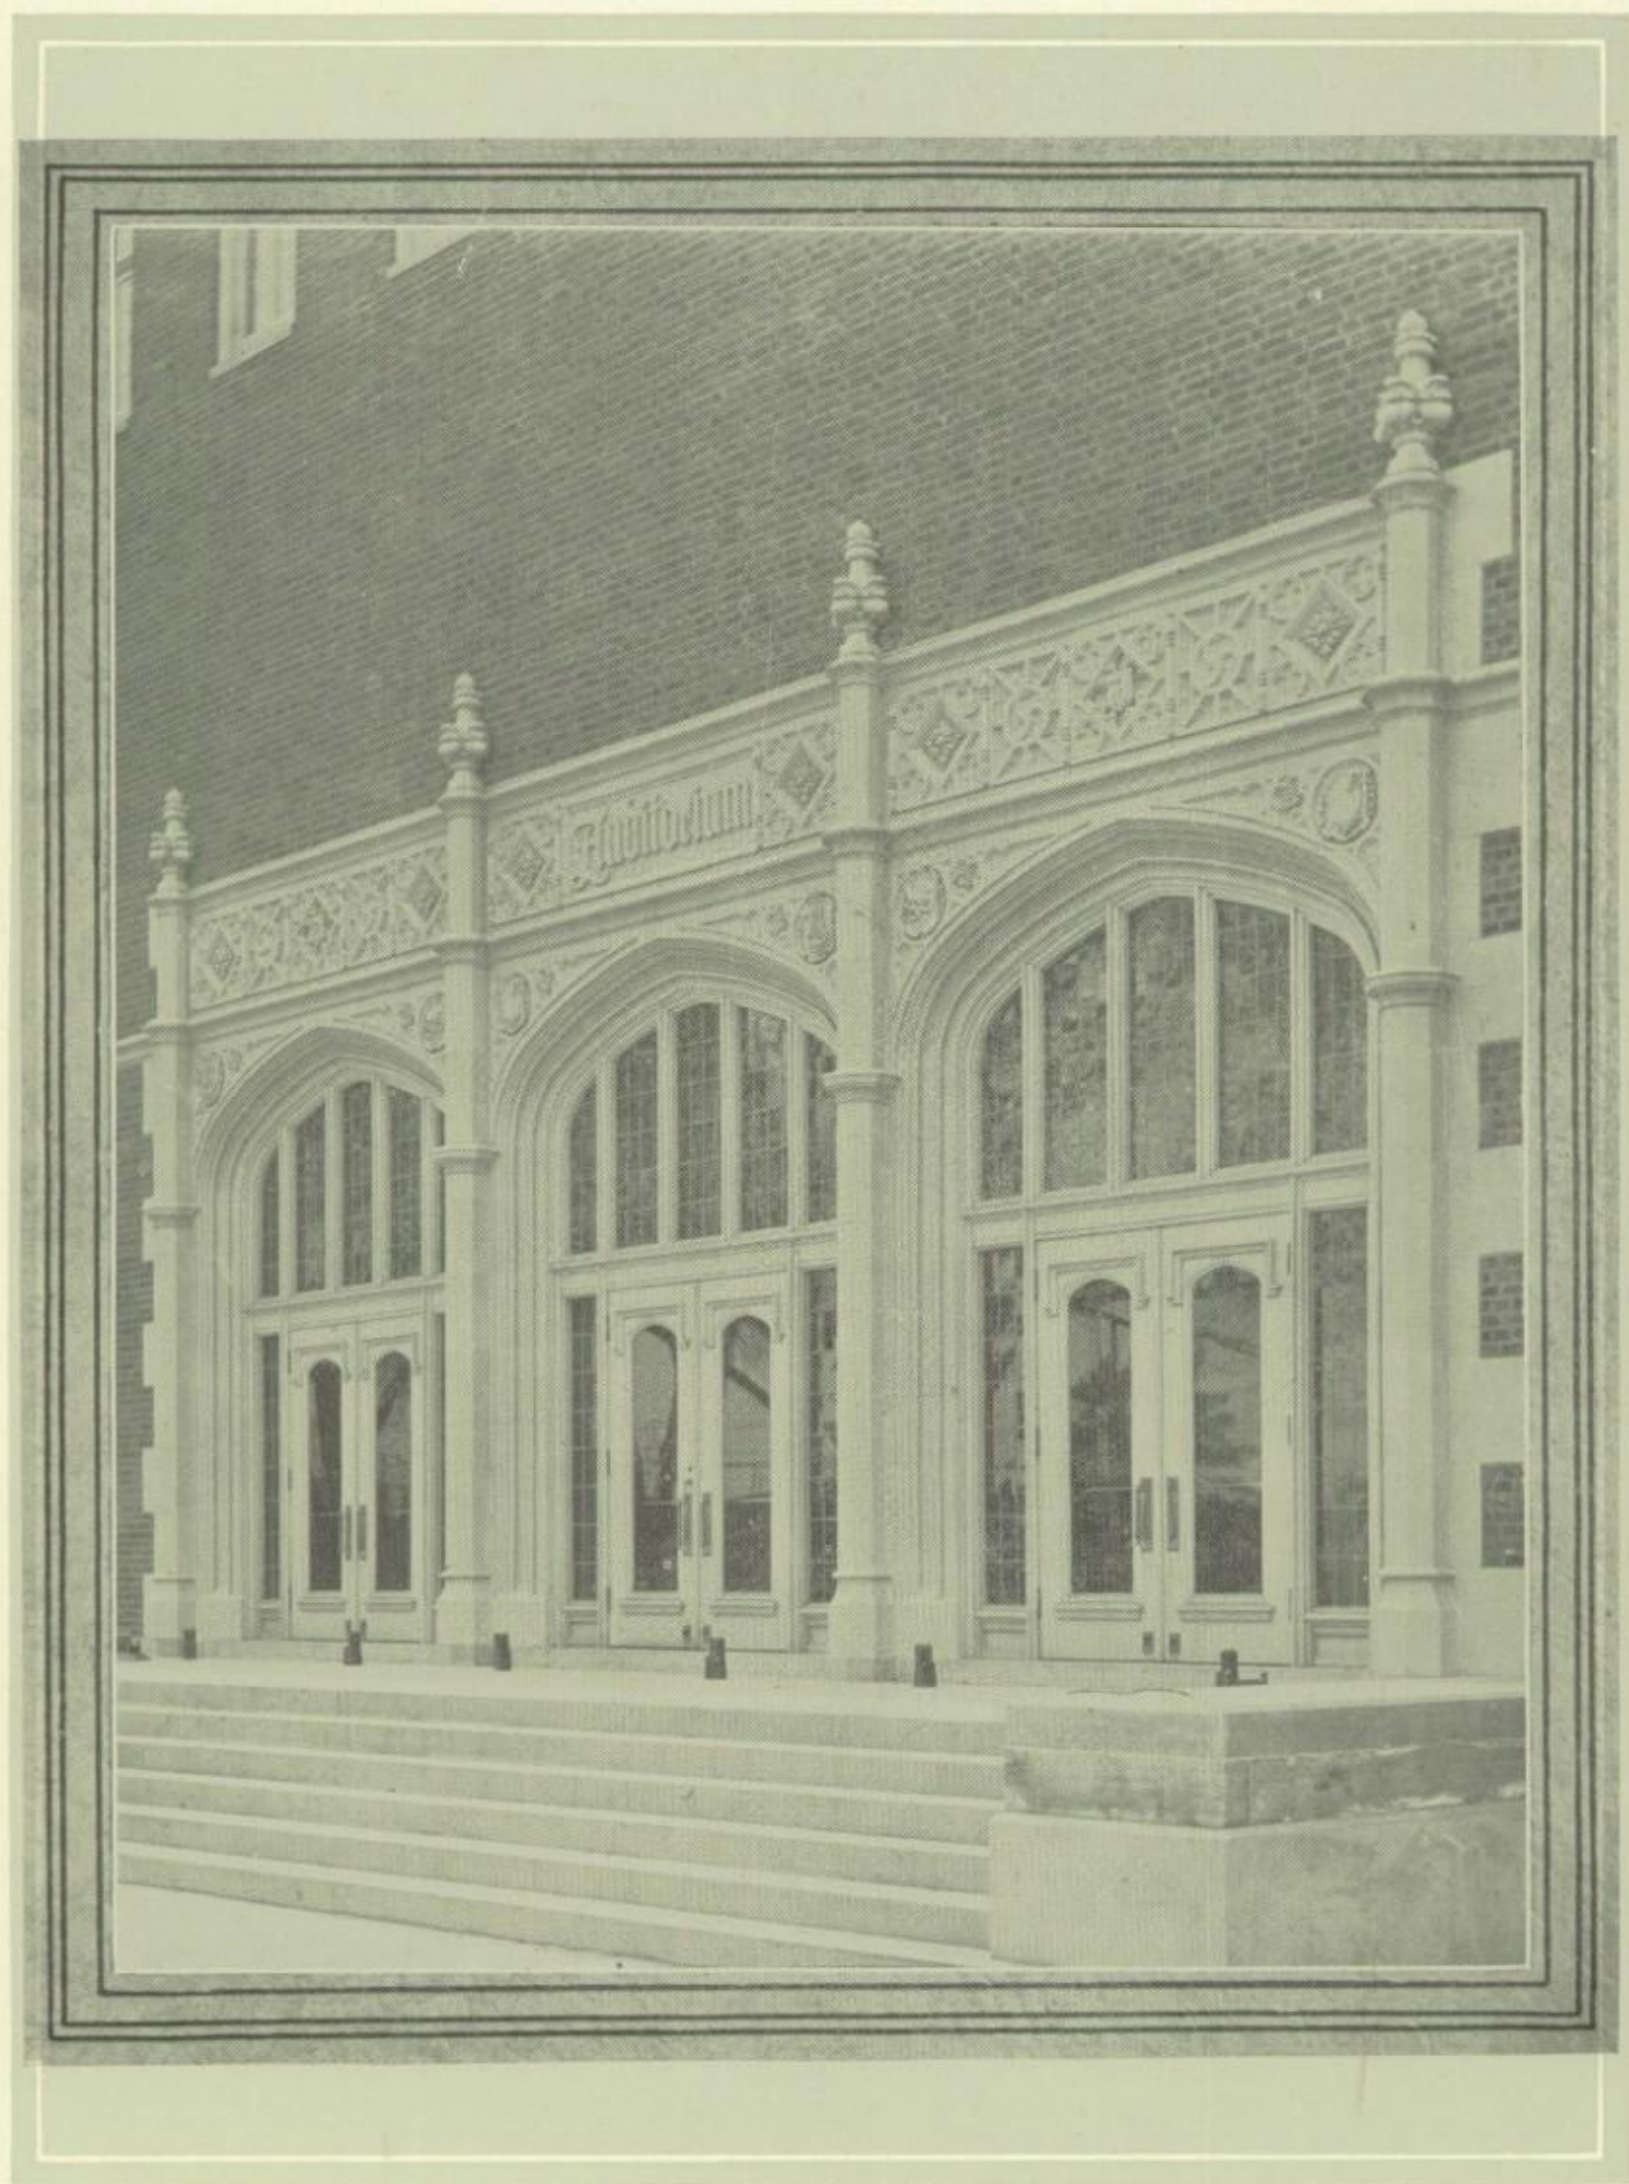

Who will carry on the torch of our
activity and multiply many times the
successes of the school.

THE MAROON AND WHITE SCHOOL SONG

Under the direction of the Music Department, the Maroon and White Staff of 1922, conducted a contest which gave to the school its first school song.

Cora Whitlock was awarded first prize for the words, to which Mr. Rapp composed the music. Both music and words are original and in no way resemble any other piece of music.

The Glee Club published the song.

I.

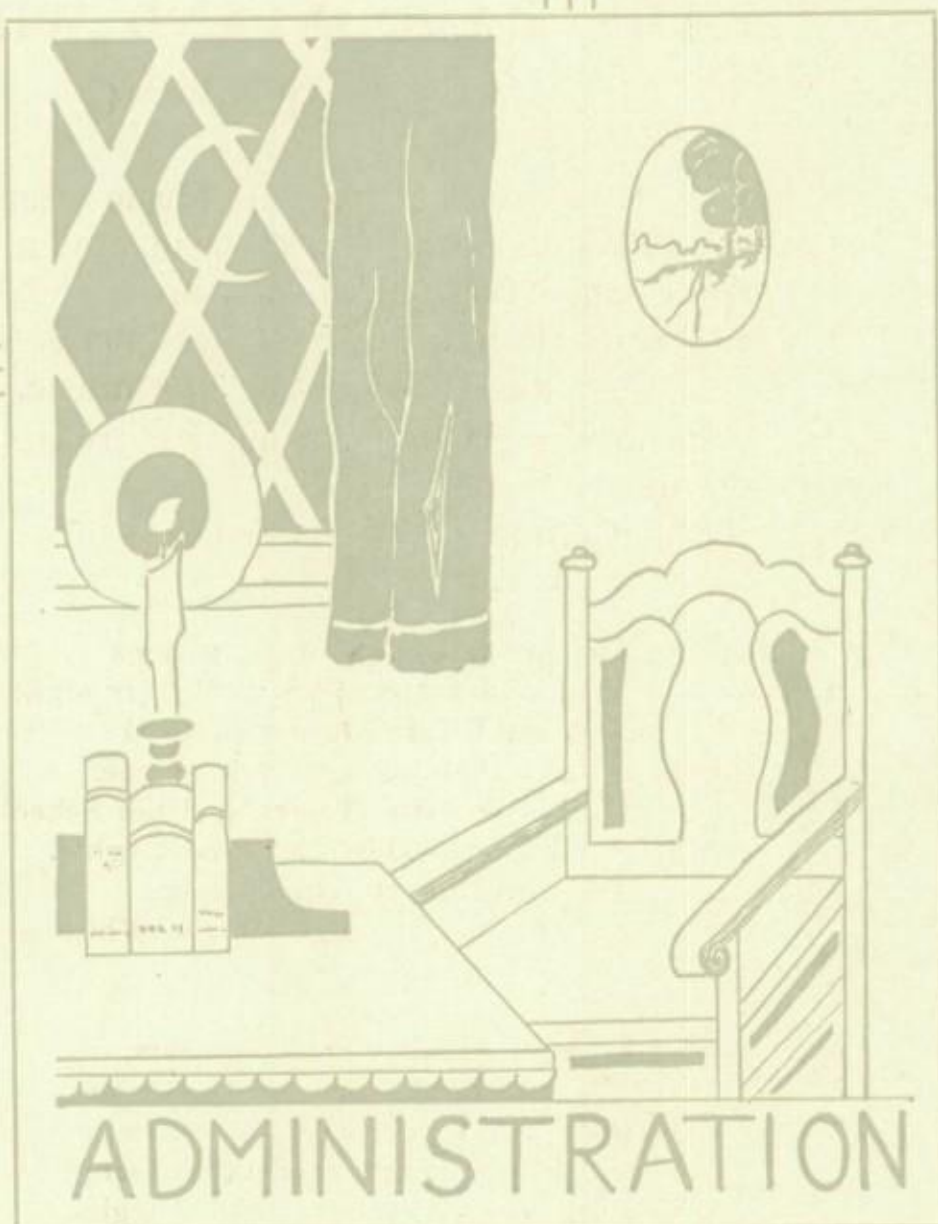

The great schools of all nations
Have their colors and their sign;
And heart thrills are awakened
As their banners fall in line.
So the Belleville Township High School
Has its colors true and bright;
And loyal hearts sing praises
Of the dear Maroon and White

II.

Four years we serve our colors,
Get our lessons hard and long.
Four years we cheer our labors
With a gay and cheerful song.
Back our athletes in their struggles,
As they strive with all their might,
For the honor and the glory
Of the dear Maroon and White.

III.

These years will soon be over,
And in life we'll take our way;
There prove the truths here taught us,
Strength imparts for every day.
Though heads may tint with silver,
Hearts will always thrill at sight
Of a banner, ribbon, pennant,
Bearing old Maroon and White.

TO THE BOARD OF EDUCATION, the class of 1925 expresses its loyal appreciation for the opportunities created by the Board in the way of splendid educational advantages, which every member of the class has enjoyed during the past four years. We are happy to appreciate the loyalty of the Board shown to the great cause of education, and trust that each and every student of the school, past and present, may recognize the splendid services and business-like management which have characterized the action of the Board of Belleville Township High School.

OUR EDUCATION must be mainly our own work. We may be helped or embarrassed by our environment; but neither books, nor teachers nor apparatus, nor surrounding conditions of any kind will be of any avail unless we, ourselves, furnish the energizing spirit which shall put them to account. A mind is not molded as an earthen vessel is fashioned by the hand of the potter. It molds itself by virtue of an inherent force which makes for symmetry or for deformity according to the direction given it by consciousness and will.

Libraries, universities, museums, and travel are powerful aids to one who desires to be educated, but no lack of such privileges will prevent a man from securing a valuable education who is determined to educate himself.

DEPARTMENTS

SCIENCES

J. C. KARCH
F. J. FRIEDLI

W. H. CAMPBELL
OLIVER CROSS

CHRISTINE FISHER

The course in physics, open only to seniors, includes the study of the principles of physics and their application to matter.

The biology branch of the science department offers instruction in botany, zoology and elementary biology.

Study of botany includes general laws of plant physiology, study of the divisions of the animal kingdom, principles of plant morphology and a practical study of flowering plants.

Instruction in zoology is devoted to the comparative morphology of the vertebrates and the invertebrates with their consequent relation to environment.

Chemistry comes in for a big bid in popularity at B. T. H. S. We can boast of a highly interesting course whose study is aided by an up-to-date, modernly equipped laboratory.

MODERN LANGUAGES

MISS SKAAR

"The man who knows two languages is worth two men."—Emperor Ch. 5.

Whether this be so or not, every one will agree that a knowledge of foreign languages is a very desirable possession, a valuable asset which can be put to many practical uses. A knowledge of at least one additional language is becoming increasingly necessary in life today.

When you know a foreign language thoroughly, you possess something which adds very much to the interest and pleasure of existence. You are brought into contact with foreign life and foreign ways of thinking. You are able to learn more about your fellow beings. Your mind is broadened and enriched. New worlds of thoughts and imagination, wide and pleasant fields of literature and romance are opened to you.

With this object in view, the modern language department of Belleville T. H. S. has grown to be one of the best known departments in the school.

Department of History and Social Sciences

FLORENCE MILLER

JENNIE McELWAIN

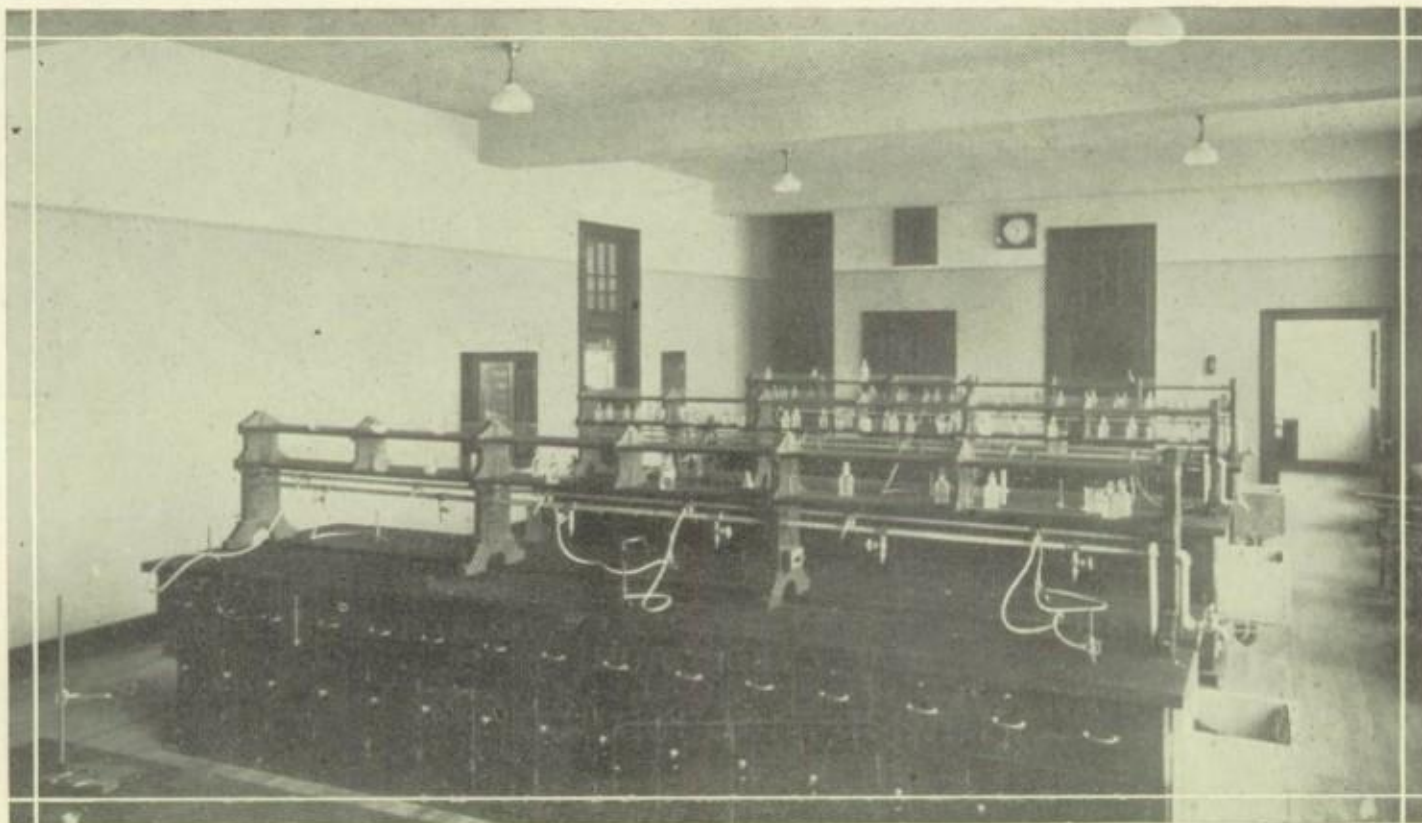

DOROTHY GOWER

This department offers courses in Ancient, Medieval, Modern and American History; Civics, Economics and Sociology.

These courses are not open to Freshmen.

These courses are not elective to all students; there being a certain requirement of years to all of them. A year of American History and a half year of Civics is required for graduation.

The text books used are works of the best authors and to supplement the texts the school library includes over two hundred volumes. A certain amount of individual reading is required to receive credit in the course.

Mathematic Department

E. G. HEXTER

WM. CAMPBELL

JOHN KARCH

Mathematics hold a strong claim to a place in the education of every human being. The fact that scientists, inventors and all creative geniuses do the almost impossible is due mainly to their knowledge of mathematics and their logical appliance to their problems.

The primary purpose of mathematics is to teach the brain to function logically. The continuous study of mathematics develops the power of reasoning and gives a breadth of conception that is peculiar to all great scholars.

Higher branches of mathematics have been added as the demand has increased.

Latin Department

JESSIE FAY MILLER

LUDWIG CARL

Latin, the language of the ancient Romans, brings to us the history, triumphs, and culture of the greatest empire the world has ever known.

The B. T. H. S. offers four years of Latin to the students. The first year's work includes forms, construction and simple connected translation; the second year's work includes the translation of the four books of Caesar's Gallic wars and readings in the Aeneid.

Since it is through Latin that we gain so much of a great classical civilization, much emphasis is placed on its study.

Music Department

RAYMOND RAPP

LUDWIG CARL

The music department is one of the most popular departments we have in the school curricula. The department conducts the chorus, orchestra and band as branches.

The course offered in music is divided into two classes; the practical and the scientific. Practical music is taught in classes for piano, orchestra and chorus, while the scientific side is studied in the subjects of "Elements of Music, Harmony" and "History of Music."

A recital is held at the end of each semester to interest the public in music and to show the progress made.

Art Department

DOROTHY McCLANE

A clear idea as to the purpose of the study of art is important. Art today is more than the achievement of technical skill. Now, we endeavor to work out an art course adapted to the needs of the great majority of people who will never choose art as a profession, but, who should for their own benefit, acquire through various art problems, a finer taste and a deeper capacity for the appreciation of beautiful things.

The art department occupies four rooms on the third story of the main building. Two of these rooms are very large and well lighted. One is the studio with the craft room adjoining it. Two smaller rooms adjoin this one. One contains the pottery kiln and the other is a general supply room and workshop.

The study of Craft includes batiks, enamel work, hammered copper work, parchment work, leather tooling, and relief work in gesso.

A course in design is offered and is compulsory for all students taking sewing.

The art department will be located in the third floor of the Auditorium beginning with the '25-'26 school year. The whole third story has been equipped as a studio and will perfect the course to a still greater extent.

Vocational Department

The course consists of practice shop work to give a beginning of those few vocations through practical experience.

A subject called vocations has been added in the last year, giving ideas of various vocations and the requirements of each. It is to stabilize the various ambitions into one concentrated one, insuring a greater success.

The night school has specially bent to this need of educating young people to be useful citizens.

English Department

J. H. YARBROUGH

ORENA FARMER
ANNE GILL
GLADYS GRIGG

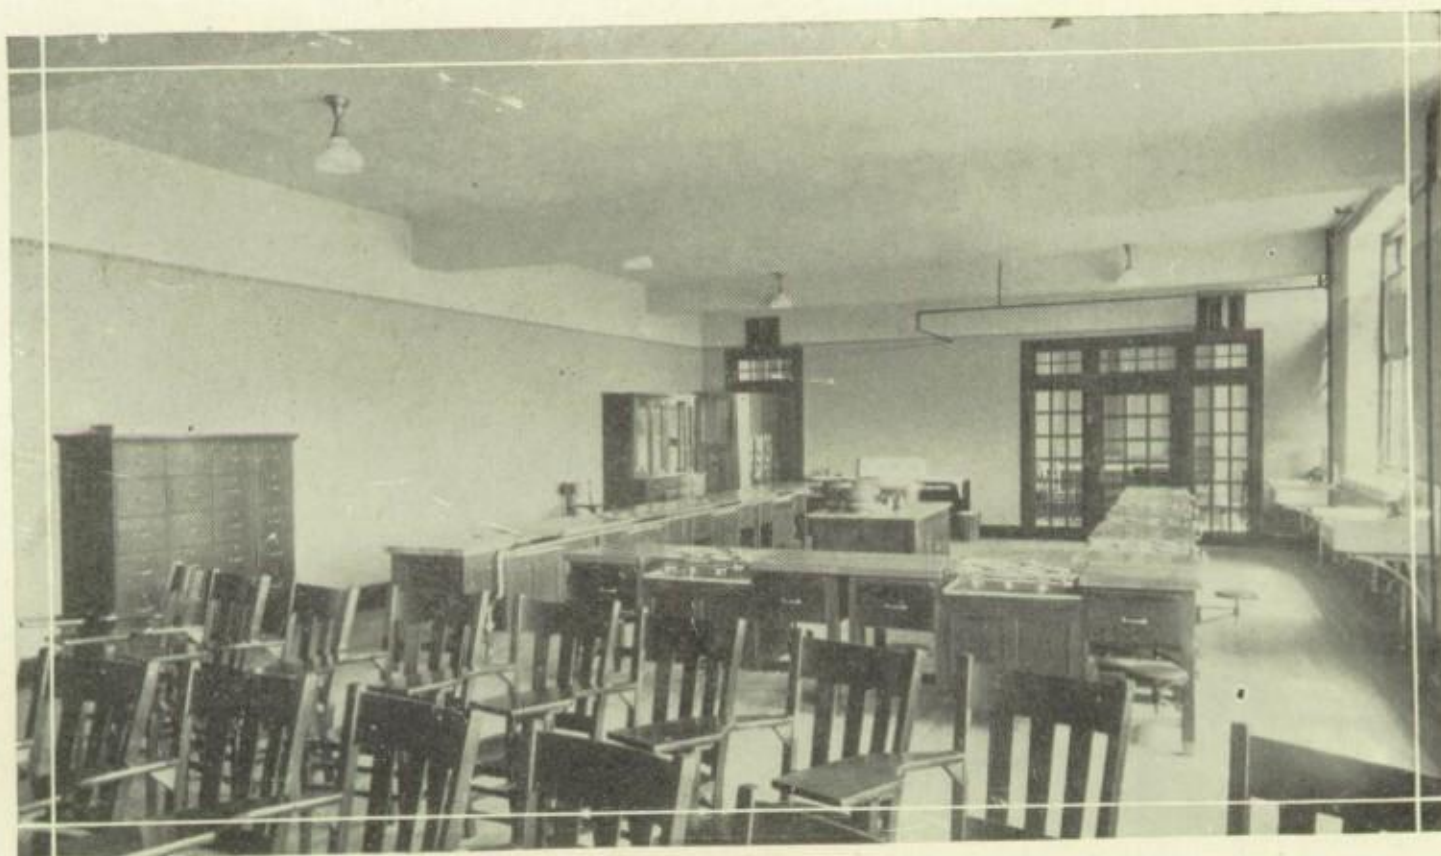

DOROTHY ECKART
ANNA PESSEL
DOROTHY GOWER

The study of English has and always will be the basis of learning in the U. S., since we are a nation of English speakers. The mastery of this subject is the open sesame to the mastery of all other subjects. To be able to talk it entertainingly and correctly is the badge of culture.

Our English Department combines the study of rhetoric and public speaking. The instructors endeavor to inculcate in the students the desire to read the best literature through the study of great classics, and individual reading.

Literature is the expression of life in words of truth and beauty; it is the written record of man's spirit, of his thoughts, emotions, aspirations. Besides entertainment it is a study of man; his soul rather than his actions.

A four-year course of English is required to receive a graduate's diploma.

Home Economics Department

This department has all the equipment necessary to efficiency and perfect training.

The sewing department consists of the laboratory, pressing room and fitting room.

The cooking department has at its command a perfectly equipped laboratory and a laundry room. It has for its use a model four-room apartment, beautifully furnished and fitted to the most minute detail necessary for home-management.

Two-year courses are offered in both sewing and cooking, the latter including meal planning and actual meal serving.

A half-year course in home-making has proved to be a very popular course. This class is in complete charge of the apartment, it being their laboratory. This course includes house planning, care of the sick, fundamentals of cooking and principles of wise buying.

This department is in charge of Miss Ruth Anderson.

Physical Training Department

E. G. GUNDERSON

To keep the mind fit, a healthy body and normal development of the muscles is necessary. Physical training enables the muscles to act quickly, to be in instant obedience to the workings of the mind.

The gymnasium is equipped to insure the best possibilities of training. All forms of exercise are given to lend grace and development to all the students in the classes.

Physical training is compulsory because the necessity of organized gym work is accepted.

Cafeteria

Realizing the need of good food in a student's routine, the cafeteria has been so worked out and equipped that complete meals can be served at a small charge.

The cafeteria is very modern in equipment and has been enlarged upon from time to time to cope with the ever-increasing demands of the students, who fully realize the splendid system.

Captain Harold Peters

COACH BECK

Coach Beck

Credit must be given Coach Beck for his efforts to inspire fight into the team. There were very few letter men back on the team, but he worked in practically new men with tireless efforts.

Harold Peters

(Captain)

Pete used his leadership to pull the boys through. He had the weight and ability to prove a wonderful asset to the team. He will be missed in next year's lineup.

Abe Small—Guard.

If it hadn't been for Abe's weight and fight our line would never have held.

Harold Groh

"Groh" was an old head at the game and we certainly profited by his help.

Paul Wagner

"Pep" was the brains and the backbone of the team.

Clarence Taylor

"Lank" surely had the form
for grabbing those high ones.

Eugene Pharis—Center

(Captain elect)

Our fighting spirit was due to
the presence of "Pharis."

Dale Carroll

"Red," as we liked to call him,
had the arms and the shoulders
of a he-man tackler.

Theodore Keller—Backfield

"Ted" was always on the job.

Theodore Diehl

"Teddy" laid 'em in the dust.

James Swofford—Backfield

"Jimmie" was the man we called upon to plunge the line.

Quentin Greeley—Half-back

This was Greeley's first year,
but he was a comer.

Fred Smith—Full-back

"Smitty's" educated toe often
led the team to victory.

Carl Lenz—Backfield

"Notre Dame" and speed are
all that need be said.

George Kloess—Tackle

George's temper and his hair were never known to be ruffled.

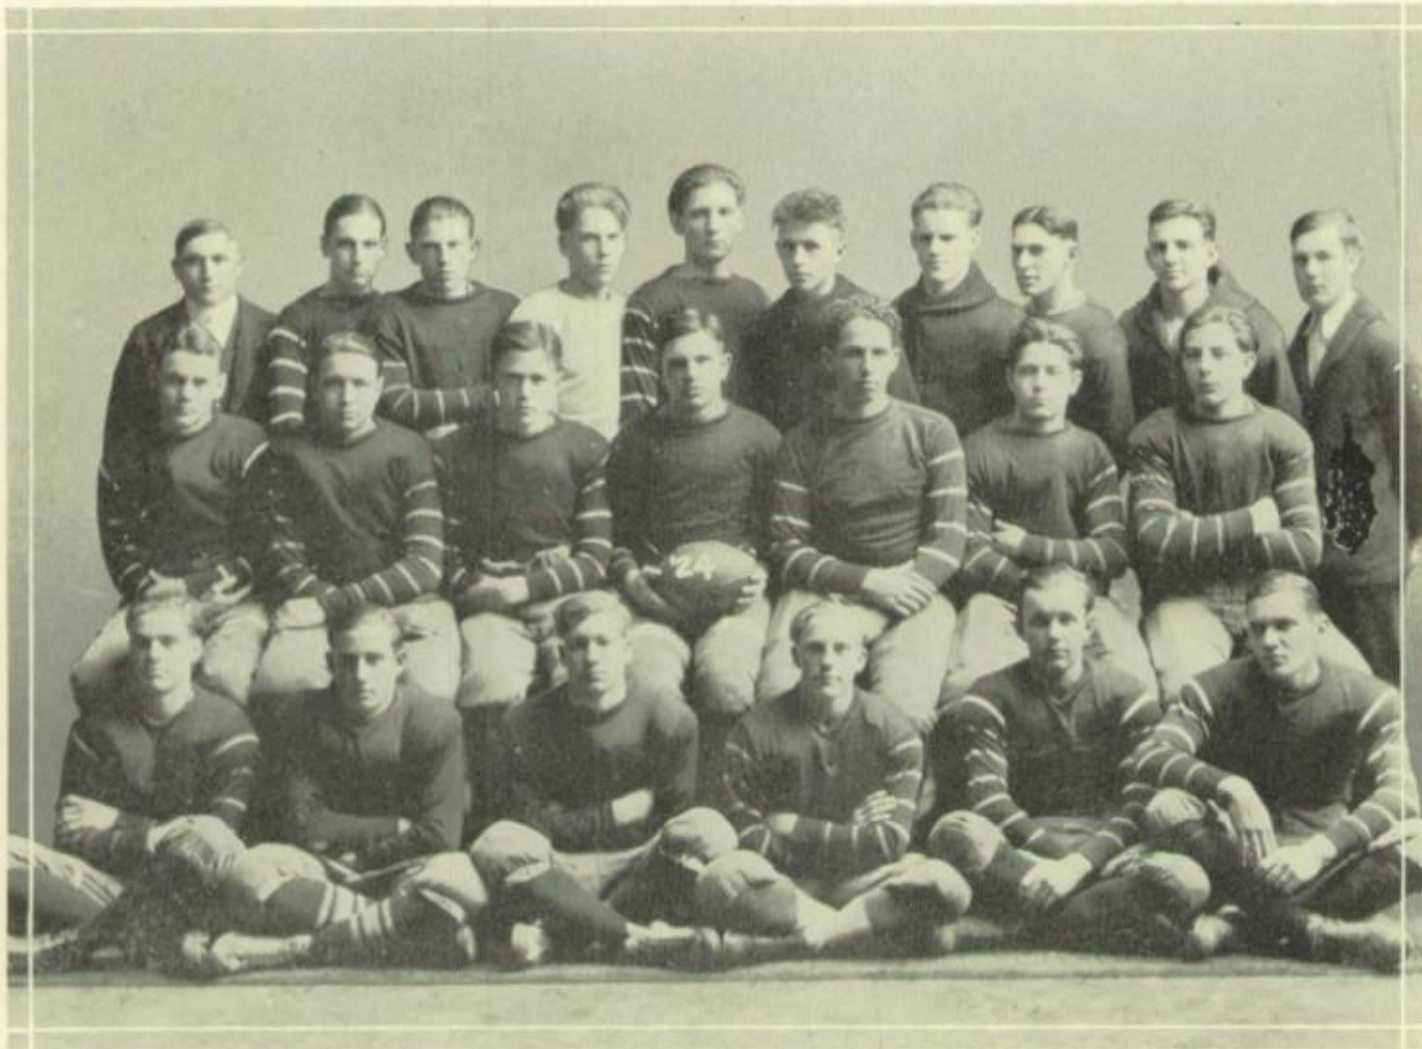

Byron Greves—Tackle

"Fat" played the game and took the knocks.

Kenneth Lindsay—End

"Kenny" was the boy who got under the passes.

Top Row—Coach Beck, Hagan, Ziehnert, Carroll, Taylor, Lenz, Swofford, Smith, Groh, Creed.
Middle Row—Greely, Greve, Pharis, Peters, Small, Keller, Koch,
Bottom Row—Lindsay, Hoker, Schmidt, Werner, Diehl, Kloess.

REVIEW OF THE SEASON

Belleville Township High School vs. Troy—September 26.

The Maroon eleven of 1924 made their initial appearance on September 26, when they defeated Troy by a score of 19-0 in a thrill-less contest. A crowd of fans and rooters witnessed the game.

The Belleville lads had shown great promise in their practice games with the Tigers and Scott Field.

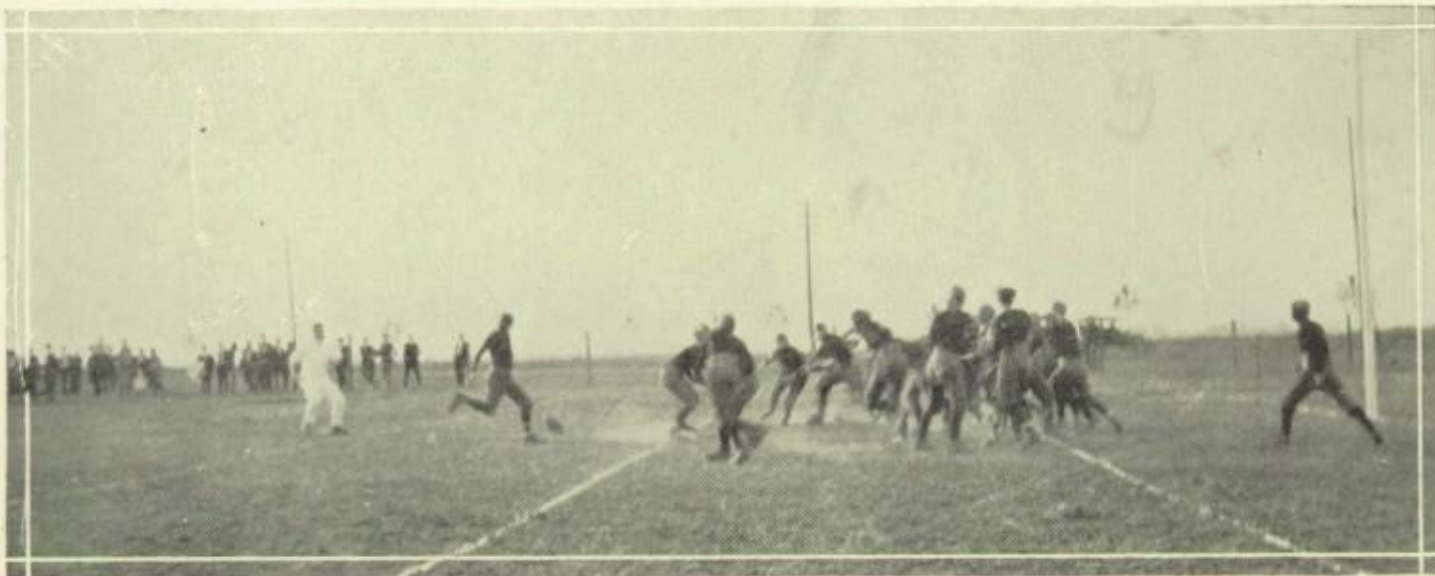

The bright spot of the Belleville playing was the great defensive battle which the linesmen displayed. Troy was unable to make more than one first down during the entire fray.

Belleville Township High School vs. East St. Louis—October 3.

On the eve of the greatest game of the season the entire city of Belleville rallied to inspire fight into the eleven warriors.

The game the next day was a battle of wits with the Maroon fighters holding the edge of a 9 to 0 score at the end of the third quarter. A break came in the fourth when East Side recovered a blocked punt for a touchdown. The seeming collapse of the Belleville line gave them a touchdown. The game ended but several seconds after with Belleville holding the short end of the score.

Intense interest and rivalry caused the game to be rough, but no one sustained injuries. One of the largest crowds of the season attended the game.

Sparta vs. Belleville Township High School—October 11.

On October 11 the Maroon & White squad traveled to Sparta and trounced the Spartan lads by a score of 13 to 0. Sparta lacked experience in the art of the grid game, but that was because football is a new sport in the schedule of their school.

Wagner was the star of the game, repeatedly rushing the Maroon and White men down the field in a flash of glory. Wagner made the two touchdowns. The support of Sparta to its team was worthy of mention.

Captain Peters and Smith were missing from the lineup.

Collinsville vs. Belleville Township High School.

At last! The day had arrived. The men under the colors of the Maroon and White were to play their first conference game of '24.

The game ended in the disappointment of defeat, 6 to 0.

Belleville Township High School vs. Alton—October 25.

This game added another defeat to the Belleville team. It was also marked by the poor backing of the team from the rooters. Alton was heartily supported, bringing its maroon and white uniformed band along.

Belleville Township High School vs. Edwardsville—November 1.

Slowness seemed to characterize this game, on the part of Belleville, at least. It seemed as though three quarters were necessary to awaken the real fight. The game was played poorly by both sides.

Captain Peters had his nose broken, and "Pep" Wagner entered the injured list with a fractured arm and Fred Smith received another injury to his ankle.

Edwardsville men were far superior to Belleville in weight, size and play. Belleville was unable to make any score against the six points of Edwardsville.

Belleville Township High School vs. Alumni—November 8.

The jinx was broken on November 8, when the Alumni were defeated by a 12 to 0 score.

Alumni boasted stars like Dewein, Smith, Ulrich, McClane, Hoehner, Gundlach, Miller, Erlinger, Niess and Ackerman in their lineup.

In the third quarter B. T. H. S. was able to score a touchdown. The first half was scoreless, but in the fourth quarter a fumble by Ulrich was recovered and came 35 yards for a touchdown.

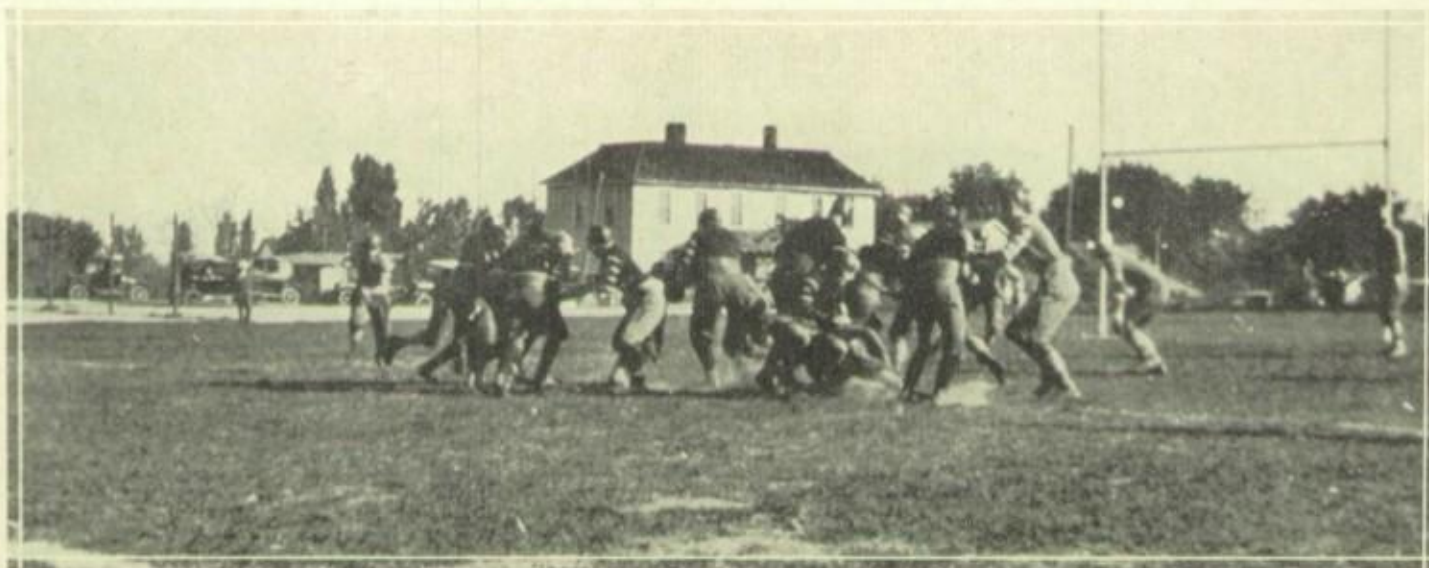

Belleville Township High School vs. Granite City—November 19.

The board of strategy took charge of the team and added a new set of Notre Dame formations. Granite City expected an easy game, but the locals surprised the visitors and captured the laurels of an 18 to 12 score. Touchdowns of Granite City were due to loose playing of Belleville, in each case a fumble being recovered and carried over.

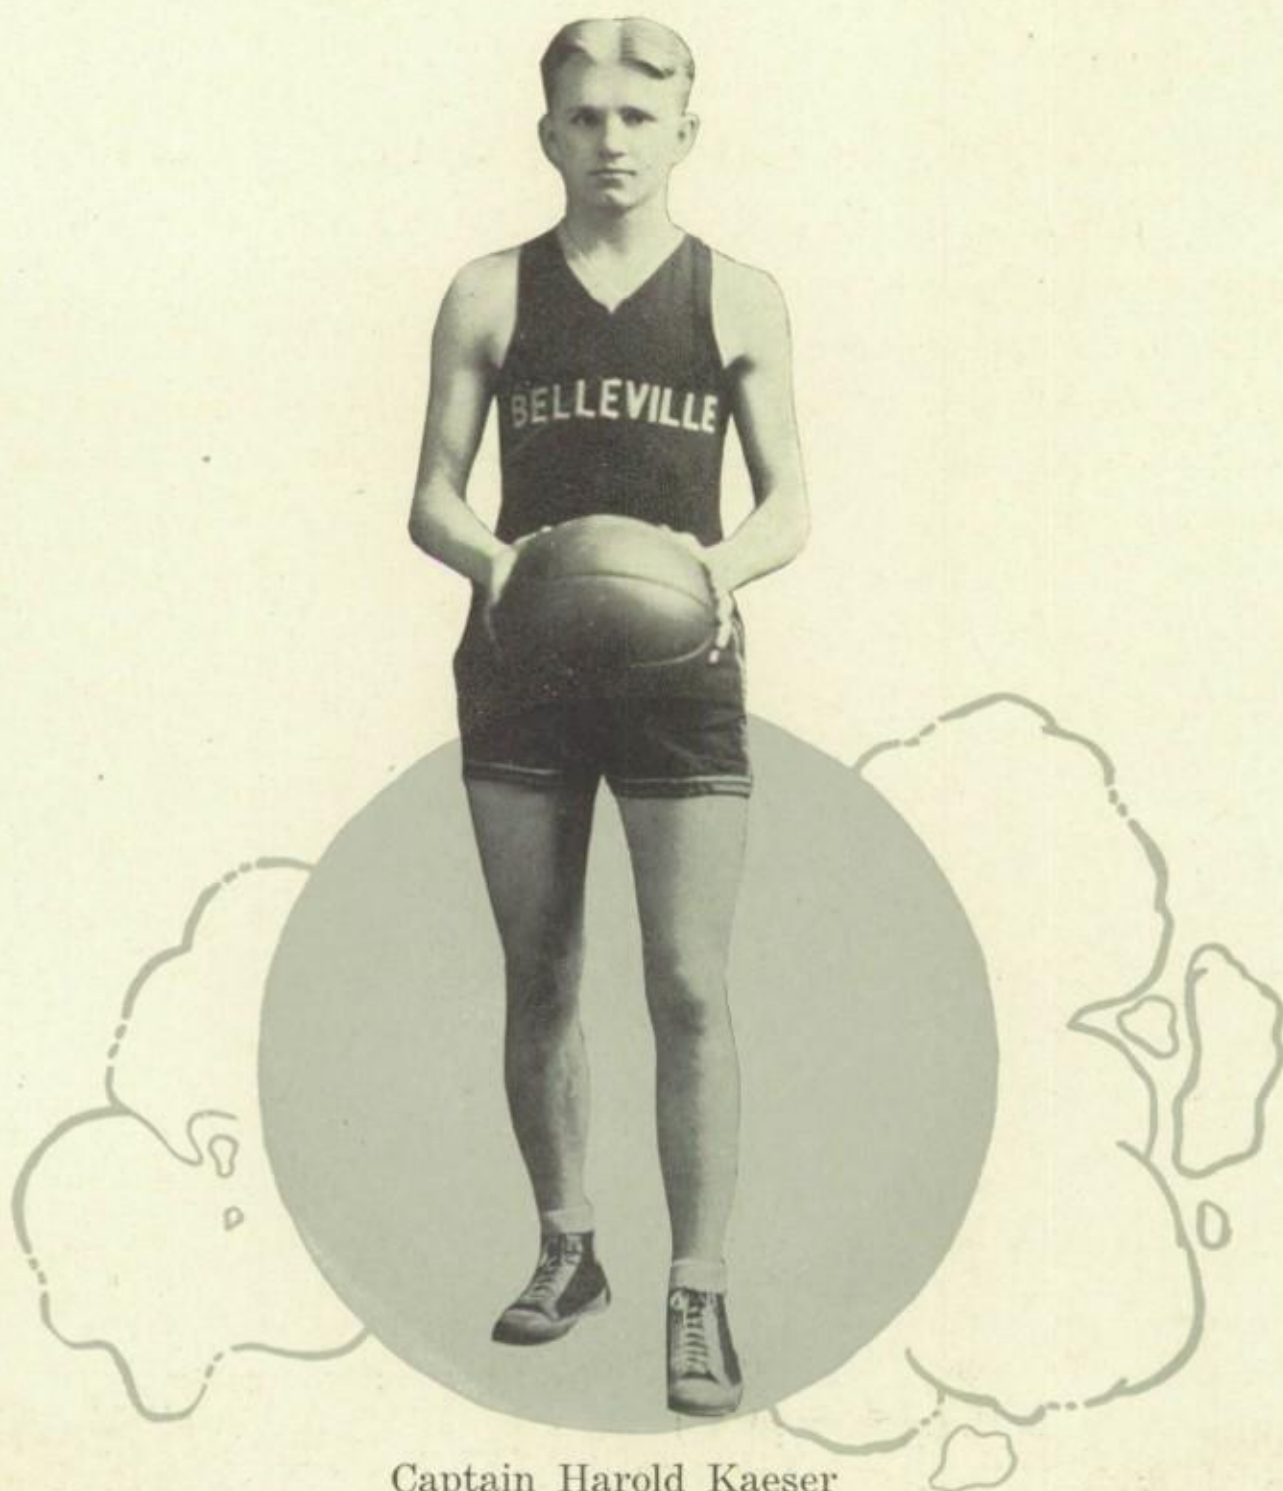

Murphysboro vs. Belleville Township High School—November 27.

The Maroon & White met defeat at the hands of the Firth-coached klan at Murphysboro, Thanksgiving day, by a score of 40-0.

We made our yardage on the first few plays, but Murphysboro intercepted a pass and that started them on their almost continuous march down the field. Belleville was unable to stem the strong attack made by Murphysboro.

Basketball

Captain Harold Kaeser

Coach Friedli

Coach Friedli developed a team into the victors of the 1925 District Conference held at Belleville. Although the team did not stand out conspicuously during the season, it came through the tournament gloriously, due to the superior coaching received.

Review of Season 1924-'25

November 28, 1924—B. T. H. S. vs. Marissa

With the thoughts of Thanksgiving Day still in their memory, the "Fighting Five" of 1924-25 had a difficult time defeating Marissa in the newly re-arranged gymnasium of the school. Groh, Kaeser, Diehl and Kugler, all veterans of 1924, proved the winning combination for the victory of Belleville.

Welch, lanky center of the Marissa squad, was easily the star of the Marissa squad.

The score stood 16 to 14 at the end of the game in Belleville's favor.

December 5, 1924—B. T. H. S. vs. O'Fallon.

Bim! Bow! Crash! Down went the Five under the leadership of Captain Harold Kaeser, when the O'Fallon High journeyed to Belleville with several hundred rooters.

The defeat was rather hard felt with a score of 12-8.

Leinesch, a substitute for the O'Fallon team, spelled defeat for the Belleville team when he added seven points during his brief and snappy part in the game.

December 12, 1924—B. T. H. S. vs. Mascoutah.

Mascoutah came, Mascoutah saw and Belleville conquered. The game was fast and full of excitement, for both teams played on a par to the last few minutes of the game, but the Maroon and White fighters won, holding the long end of the 14-10 score.

December 19, 1924—B. T. H. S. vs. Marissa.

Despite difficult weather conditions and the reappearance of Welch, the star center of the Marissa team, the "Fighting Five" annexed another victory from the Marissa clan, by a score of 16 to 12.

December 22, 1924—B. T. H. S. vs. Granite City.

The Friedli-coached team badly beat the visitors by a score of 18 to 12. The offensive trio, Groh, Daumueller and Lenz, operated in championship form and completely outclassed the defensive men from Granite City. The victory gave us a record of two conference victories and the lead in the conference.

January 2, 1925—B. T. H. S. vs. Alumni

During Christmas week the annual game of High School vs. Alumni was played, the graduates winning by only a two-point lead. The team seemed to lack practice and were unable to hit their real stride at any time.

H. Wolf, S. Schictanz, T. Winkler, W. Butts, H. Butts, R. Stein, E. Gass and John Fritz made up the Alumni squad.

January 6, 1925—B. T. H. S. vs. Edwardsville.

The Edwardsville Cagers were unable to handle the "Fighting Five" to their advantage and another conference victory was added to the Belleville number. Mainly lower classmen composed the Edwardsville team, their aim being to use a good combination for several years.

Groh used a keen shooting eye, piling up one-half of the 16 to 11 score.

January 9, 1925—B. T. H. S. vs. Mascoutah.

The most sensational game of the entire cage season was the Belleville-Mascoutah game. Hundreds of fans turned out for the big game. It was another victory, but a hard one, the score being 11 to 19. With this victory, the 1925 team ranked themselves with the Trans-Mississippi Champs of 1922, who were the first Belleville men to win from Mascoutah on the Mascoutah Turner Hall floor.

Captain-elect Ted Diehl played a stellar part through the entire game.

January 17, 1925—B. T. H. S. vs. Centralia.

One more great battle was recorded by the team when Belleville lost to Centralia by two points. Both squads fought with all available strength, so that one extra period was necessary to decide the victor.

Captain Hitchenfield, of the Centralia Five, introduced the stalling tactics of basketball to the fans of Belleville. Using this style of play, the visitors copped the Mississippi Valley Tournament on March 23, held in St. Louis.

January 25, 1925—B. T. H. S. vs. Wood River.

Another bargain contest was staged by the Maroon & White bearers when they ran up 14 points to Wood River's 12. Great rivalry existed between the two teams, due to elimination of Wood River in the District Tournament held at Granite City. The game was rough but exciting from beginning to end.

January 28, 1925—B. T. H. S. vs. Collinsville.

With a great gang of rooters, Belleville set out with high hopes of trouncing the Purple and White Terrors. No conference record was made because a non-conference referee officiated. The conference game was played at a later date.

January 30, 1925—B. T. H. S. vs. Alton.

The Alton lads gave Belleville their first conference defeat by the score of 25 to 21. Groh was high point man for Belleville, while Grable was responsible for a large number of Alton's points.

February 4, 1925—B. T. H. S. vs. Edwardsville.

The most stinging defeat for the Maroon & White lads came when the Edwardsville team emerged on top of the score of 14 to 9, on the Edwardsville court. Belleville played a loose game, not making any points during the last half of the game and repeatedly fumbling the ball. The backing of the Belleville team was poor.

February 6, 1925—B. T. H. S. vs. Centralia.

The old jinx followed the Maroon & White tossers to Centralia in the game which they lost by a score of 26-15, after holding the long end of a 13 to 8 score at the end of the first half. Hitchenfield again led his team to victory with an unbeatable spirit.

February 10, 1925—B. T. H. S. vs. Collinsville.

Again the team journeyed to Collinsville to settle the conference record, only to be beaten by the Collinsville team by a 25-19 score. Jokerst, four-year star of the Purple and White, led the scoring columns with a total of fifteen points.

February 13, 1925—B. T. H. S. vs. Alton.

In one of the slowest and worst exhibitions of the cage sport seen on the local floor in many moons, the Alton High Conference Champs had a tough job defeating the Maroon and White cagers by a score of 12 to 8, on February 13. The unlucky charm of Friday, the thirteenth, still shone on the prides of B. T. H. S., who increased their losing streak by their inability to find the necessary scoring punch which would produce victory.

"Red" Nicolet, versatile athlete for the Alton High, was the star of the game, registering up eight points and playing a stellar floor game.

February 17, 1925—B. T. H. S. vs. Collinsville.

Collinsville severely beat the Fighting Five for the third consecutive time of the 1924-1925 season on February 17, by a score of 17 to 7. The contest, which was played on the local floor, showed the great superiority which the Purple and White cagers held over the prides of B. T. H. S. in the regular Conference season.

February 20, 1925—B. T. H. S. vs. Wood River.

"When it rains it pours," is the old saying, and the B. T. H. S. worshipped this slogan by letting the Wood River cagers win over them by a 19 to 12 score on Friday, February 20, at Wood River. After the game, the Wood River girls gave a party for the players of both teams.

THE BELLEVINOIS

Coach Friedli, Lumbattis, Smith, Kugler, Groh, Diehl, Kaeser, Kloess, Loos, Ransom, Daumueller, Lenz.

The District Basket Ball Tournament of the South West section of the Illinois State High School Athletic Association, was held in the Belleville Township High School Gym on March 5, 6 and 7. The remodeling and rearrangement of the local basket ball court favored the Maroon & White Institution in receiving its first tournament in the history of athletics in Belleville. Eighteen squads were entered in the 1925 Tourney and record crowds, which packed the play-house of the "Fighting Five," made the Belleville meet one of the most successful affairs in the career of the high school sports in Illinois. The loyal support given by the student body to Mr. H. Galen Schmidt, who managed the tournament, made the cage meet successful in every respect. Due to the general hospitality of our good citizens, visitors reported that they had a "swell time," during their visit to Belleville.

Although the local high school successfully staged the district tourney, the Fighting Five Basket Ball squad went one better and produced a miracle when Coach F. J. Friedli led his men to a dark-horse victory in the Tourney after the bearers of the Maroon and White had made a horrible showing during the last month of the regular season. They had lost exactly eight games running during one of the severest losing streaks ever possessed by a Belleville organization.

The "Fighting Five" was not doped to advance very far in its try for the laurels of the meet. Opposing O'Fallon on Thursday afternoon, March 5, was the start of the climb to the top of the ladder for the B. T. H. S. boys. This game, which was the second contest of the Tournament, was full of fight, but lacking in clean-cut passing and polished plays. Both teams were afraid of their life and took no chance whatsoever. The final score favored the "Fighting Five" by a 19 to 8 score and to "Lefty" Loos must be given credit for eight points of the Maroon and White total.

The tenth game of the meet brought the "Fighting Five" into action against their old-time rivals, the Mascoutah Basketeers at 3 p. m. on Friday. The affair was full of fight and Tony Jureziz was eliminated from the game in the first quarter with four fouls to his credit, while Kaeser and Kugler followed Jureziz to the showers in the last quarter via the same route. The Belleville squad won by a score of 20 to 14 and hats must go off to "Lefty" Loos, who again provided the scoring punch of the Maroon and White squad with eight points as the result of his accurate shooting ability.

The "Fighting Five" were allowed very little rest when at eight o'clock they met the Wood River Cagers in the fourteenth game of the Tourney, the third contest of the Friedli-ites. The Wood River quint entertained the fans with fast criss-cross passing and fine floor work and the game was full of thrills, long basket shooting, wonderful dribbling and passing. The last quarter commenced with the "Fighting Five" holding only a two-point lead, but when the gun sounded for the close of the action, the West Main students were in possession of a 14 to 8 score. Captain Kaeser was chief scorer in this victory.

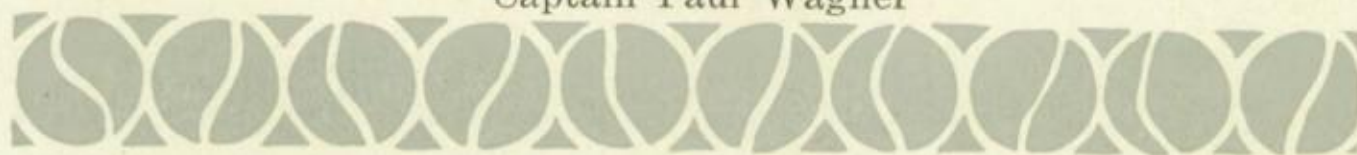

By means of the Wood River game the "Fighting Five" progressed to the semi-finals where they met Baldwin in the sixteenth affair of the Cage 'Tourney. The Baldwin flashes, although fresh from victories over Highland and Freeburg, were no match for the Maroon and White warriors, who easily won, 22 to 2. Groh went wild in this game and made the majority of the score.

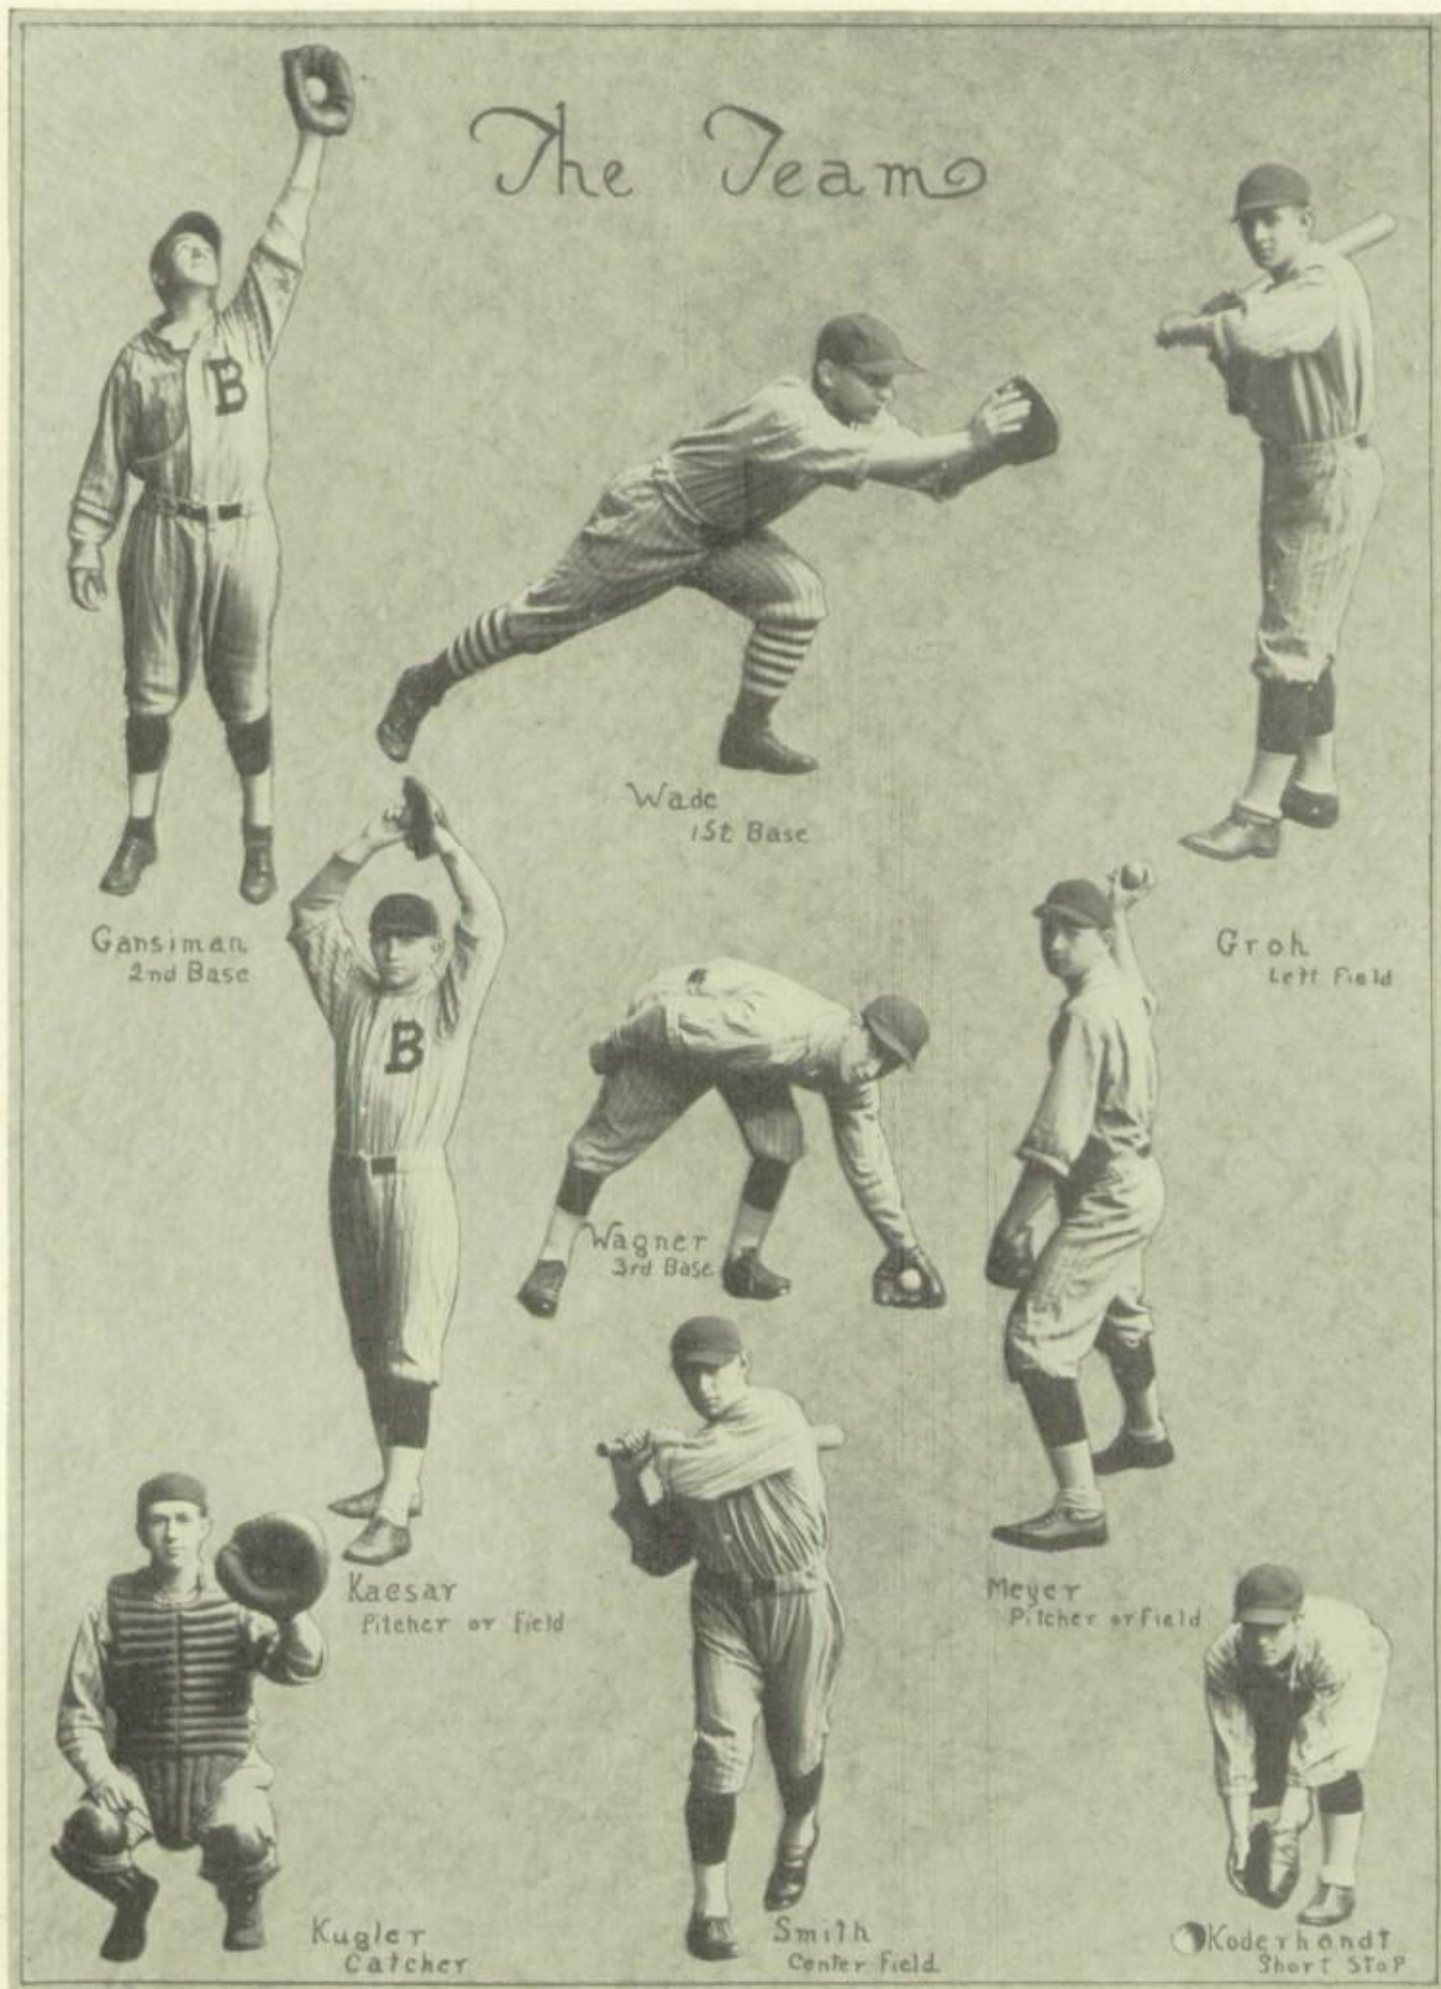

The final contest threatened to stop the rush of the "Fighting Five," who were pitted against the Purple and White athletes from Collinsville. The Miners had previously won from Belleville by a top-heavy score on three occasions and the "Fighting Five" startled the entire district when they swept through the air-tight defense of Captain Hohn and Kurtz of Purple and White fame for a 21 to 12 victory. Fred Smith, who replaced Lenz in the final quarter, was fresh and his fast gait could not be stopped by the Collinsville lads, and the speed demon came through with three perfect field goals to safely tide the local school to victory. This decisive victory placed the laurels of the tournament in the hands of the "Fighting Five" for the second consecutive time. Captain Kaeser was selected on the All-Star team, Groh received a berth on the Second All-Star squad and Kugler was given honorable mention for his work in the tourney.

Baseball—1925

For the present season, Coach Friedli has one of the best baseball nines ever produced at the local Maroon and White school. The infield, although the smallest in the conference, has shown up in excellent form in the several games played before this book goes to print. Wade at first, Gansman on second, Koderhandt in the short field and Captain Paul Wagner around the hot corner is the inner defense which Coach Friedli expects to bear the heavy work in copping the bunting of the conference. The outfield is composed of Groh, Smith, Herman and Lumbattis, while the battery men are "Kenny" Kugler behind the bat with Kaeser and Meyer in the roles of pitchers.

Due to the addition of East St. Louis and O'Fallon to the Southwest Conference, there are now ten schools enrolled in the Baseball Circuit and a schedule has been worked out in which each team will face every other once during a nine-game schedule.

The Maroon and White sluggers have an excellent chance for another Conference Cup and if they continue to hit their usual stride, there will be nothing to hinder them from annexing more laurels for the B. T. H. S.

The Maroon and White sluggers have played five games this season in the South west Conference and with a percentage of .800 they will battle it out with Alton and East St. Louis for the leadership of the Conference. Neither Alton nor East St. Louis has met defeat this season and Coach H. J. Friedli is priming his B. T. H. S. tossers for the important contests with these two schools. Thus, this book must go to press before the race for the bunting is completed, but we sincerely wish that the Bellevinois of 1926 can boast of the championship in the Baseball Conference annexed by the sluggers of 1925. To date the prides of our school have conquered O'Fallon, Mascoutah, Granite City and Edwardsville, while loosing to the Madison High School. The season was opened on April 24, with a clash at O'Fallon, which required the help of the fire department to stop the attack of the Friedli-ites. The final score, after action ceased, was 12 to 1 in favor of the Maroon and White sluggers.

Mascoutah opened home hostilities on April 28 with the first game of the season on the B. T. H. S. campus and the "brutes" of our school failed to spare the timber, but instead walloped the A. & P. athletes by a 9 to 1 count.

April 30 proved the black date on the local's schedule when a tough 9 to 8 tussle was dropped at Madison. The B. T. H. S. nine possessed a six-run lead in the first few innings, but two heavy rallies by the Green and White squad caused the downfall of the Belleville stock.

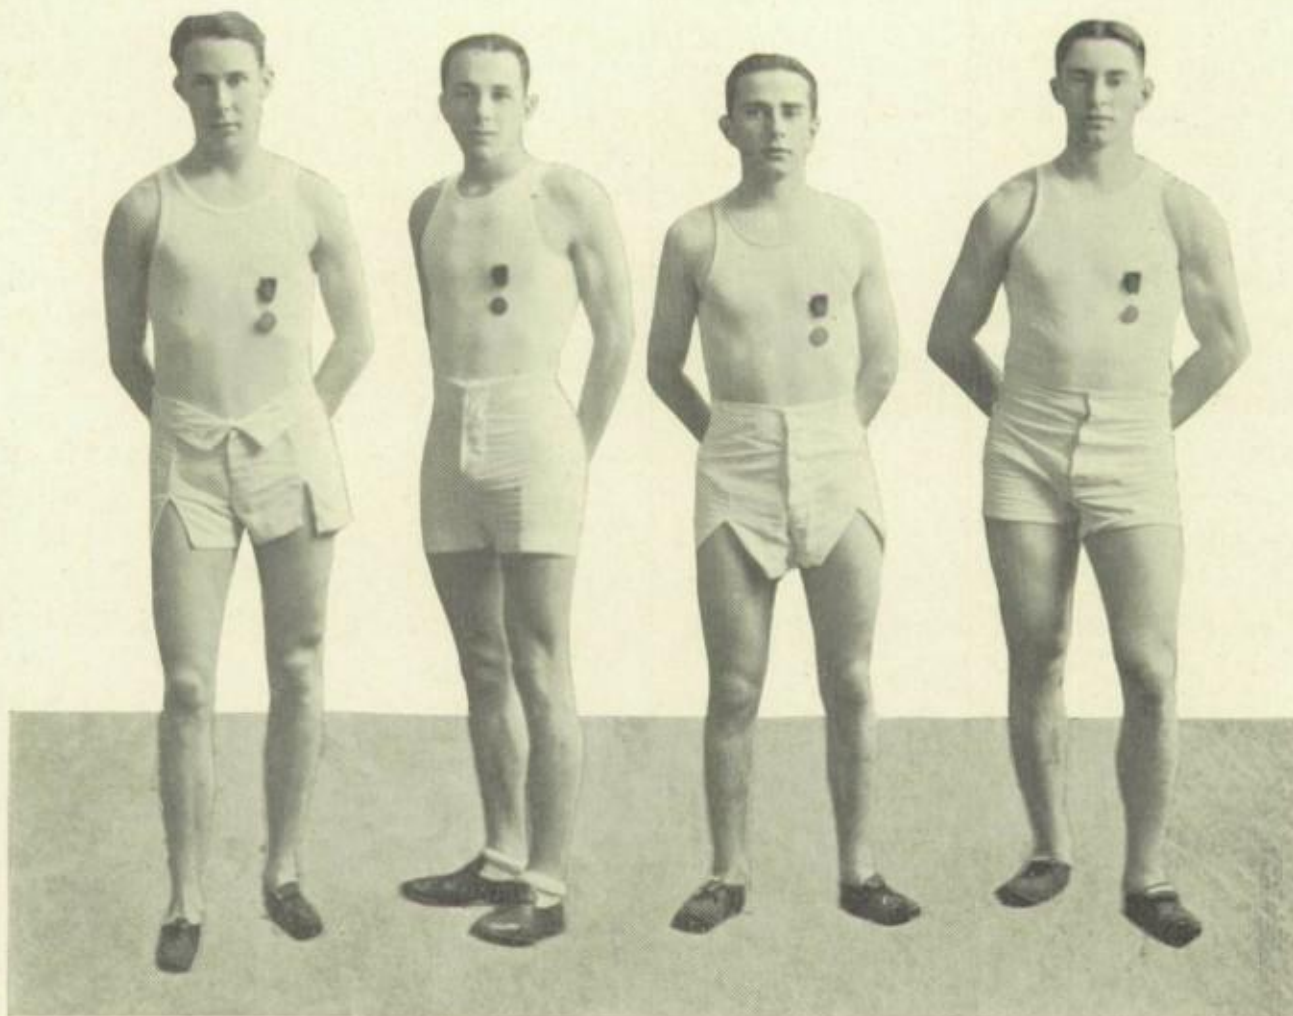

Granite City paid a sociable visit to the Maroon and White campus on May 5 and allowed the hungry warriors of the B. T. H. S. to gain a 19 to 2 decision over them. Smith established a record in this contest when he cracked out four home runs during the seven inning frame.

The B. T. H. S. boys added another victory on May 12, when they cinched a 16 to 6 game at Edwardsville in a loosely played exhibition.

Track—1925

Although the track team started the season with only a few veterans, the prospects for a good running team are not blackened, because the influx of men material has been more than sufficient to replace the men who left the ranks of the B. V. D. corps last season.

In the past few years, Belleville has been noted for her relay teams. True to the tradition of the past, Smith, Hartman, Wagner and Lenz will strive to retain this honor.

Several dual meets have been arranged by Coach Gunderson, who has also entered the local trackers in meets at McKendree College and Washington U. The annual conference meet will be held in Wood River on May 16.

Organizations

Organizations form a bond between faculty and student, a link necessary for harmony and broader educational advantages in a school. Social affairs given by organizations create understanding among students and give them wholesome recreation.

Each club has some educational purpose to further and with this result in mind many clubs have been established with direct affiliation to some particular class and study.

Without these organizations the school would be an institution of routine work never relieved by any interesting event.

The various clubs have performed some very distinct benefits to the school which are listed in the following pages.

Letterman's Club

President	Kenneth Kugler
Vice-Pres.	Paul Wagner
Secy.-Treas.	Harold Groh
Sponsor	Coach F. J. Friedli

The Letterman's Club is an organization open only to athletes who have won a "B" in some sport.

The club was organized in 1922 to encourage the spirit of co-operation and cleaner sportsmanship. There were at first only nine members, but it has now eighteen active members.

The club formulates athletic policies for the school, increasing the valuation of the school letter, discusses facts concerning athletic plays and formations. Each member is given first aid and good health rules that every man who plans a clean life must know.

The club has been instrumental in collecting money to defray the expenses of injured athletes. The money from dues has been used to begin a library of books of every branch of sport. At the present the library contains books on Basket Ball, Baseball, Track and Swimming.

Girls' Glee Club

President	Olga Hertenstein
Vice-Pres.	Lorene Voelkel
Secretary	Dorothy Daniels
Sponsor	Raymond Rapp

In 1923 when the Glee Club was organized the membership consisted of sixteen girls, the membership has, in the last two years doubled, making it one of the largest of the school clubs. Rehearsals have been conducted weekly and often after school hours. The club is asked to sing on many public occasions.

Shortly after the school song was written the Glee Club undertook the publication of the song. The girls have conducted several successful dances in the school gymnasium.

Thalian Dramatic Club

President	Mary Ann Eidman
Secretary	Ethel Leonard
Treasurer	Carl Feickert

THE MAN UPSTAIRS

Mr. Ruggles	Earl Taylor
Mrs. Ruggles	Marcella Bub
Mary	Marjorie Steingoetter
Mr. Frisbie	Gus Kelling
Mrs. Frisbie	Bernice Parish

Spanish Club

President	Dale Carroll
Vice-Pres.	Quentin Greeley
Sponsor	Miss Skaar

The purpose of the club is to foster the study of Spanish through the reading of Spanish newspapers, playing Spanish games and acting short plays.

The membership is limited to those who have and are taking Spanish.

In many ways the club develops the interest of the members in the study of Spanish and acquaints them with the ways of the race who speak the language. The customs and ideas are so different from the American that it requires a study from many angles. This forms the basis of the plan on which the club functions.

Philomathian Club

President	Annalouise Eckhardt
Secretary	Norma Marsh
Treasurer	Virginia Hoffman
Sponsor	Miss Grigg

The Philomathian Literary Club was organized in 1917 for girls of the Freshman and Sophomore classes. The purpose of the club is to take up the study of English literature more extensively than is possible in the routine class work, and to promote good will and sociability among the girls.

The programs of the club have included biographies, book reports, poetry, papers on the origin of holidays, dialogues, and short plays.

The club is always willing to do its part in helping along school activities.

At Christmas, donations were made to the "Advocate Empty Stocking Fund" and during the tournament it furnished two rest rooms for visiting girls.

Science Club

President	Lyman Weisenstein
Vice-Pres.	Leroy Stoltz
Secy.-Treas.	Louis Dechant
Sponsor	Mr. Cross

The Science Club was organized two years ago under the sponsorship of Miss Christine Fisher and Mr. Oliver Cross. It has grown to be one of the leading clubs of the school and during its short duration has accomplished much for the school's benefit.

To the Science Club goes the credit of broadcasting the scores of the games, as they were played during the tournament held in Belleville in 1925.

Several messages have been sent from here to various parts of the U. S. These messages are sent from here free of charge. This station was made possible through the co-operation of the American Relay League.

B. T. H. S. Band

LUDWIG L. CARL, Conductor.

The band was organized in September, 1923. It has grown to some extent, but is still in its infancy.

It is hoped that during the next school semester all the musically talented students will join the band to make it a great success.

The band played at several basket ball games and increased the spirit of the rooters.

There are about fifteen in the band.

Home Economics Club

President	Mary Gardener
Vice-Pres.	Marie Schrag
Secretary	Irma Brunsman
Sponsors	Ruth Anderson—Mabel Muchmore

The purpose of the club is to discuss domestic problems that arise in the homes of today.

Talks and lectures are given to give practical ideas to the girls.

The food classes prepared buns and cookies for a wiener roast at the public park.

All the girls are members of the domestic classes; there, being given the fundamentals of the home science courses. The club is to establish a further bond of interest in each other and in home-making, the biggest job of the American girl.

Commercial Club

The club enrolls only students who are studying the commercial courses. A member must be taking two subjects that are classed commercial.

The purpose of the club is to give its members an insight into the work of the commercial world and to increase the feeling of good fellowship among the students.

Sponsors—Mr. Lippold, Mr. Meier, Mr. Beck, Miss Emunds, Miss Eubanks and Miss Seibert.

THE BELLEVINOIS

GENERAL LITERARY

1925

The Latin Club

The Latin Club bears the name of the old Roman republic—"Res Publica Romana." It has a membership of thirty-nine. The sponsor is Miss Fay Miller; the consuls or presiding officials are Esther Nelson, Catherine Shea; the quaestor or secretary and treasurer is Josephine Harrison.

The customs and habits of the people of the old empire are studied to give the students a better understanding of the language.

Agriculture Club

President	Oliver Gaebe
Vice-Pres.	Foy Martin
Secretary	Roy Martin
Treasurer	Harold Emmerich
Sponsor	Mr. L. F. Lenz

Since agriculture has entered its third and last stage of development, namely farming as a business, the problem of making it a profitable one confronted the department.

As a means of solving this problem the club has undertaken several projects. During the school year the club held its second annual poultry show. Four hundred birds were entered and five silver trophies, cash prizes and ribbons were awarded.

This year's show was twice as large as the one held in 1923 and no doubt the exhibition will increase in size and quality of exhibits every year.

The boys built a colony brooder recommended by the University of Illinois and secured a brood of 350 chicks. After two months these were sold at a net profit of \$100.

Members of the club are also carrying on their individual home projects, thereby applying the theoretical to the practical.

A boys' "Father and Son" banquet was held on February 20, to bring the fathers and sons into closer interests.

Craftsman's Club

President	Eugene Wilhelm
Vice-Pres.	Walter Muendlein
Secy.-Treas.	Harry Carnaghi
Sponsors	Mr. Brill—Mr. Denny

The Craftsman's Club was organized in 1917 and has been one of the active clubs of the school ever since. At present 20 members are enrolled who are members of one or more classes in the shop course.

The purpose of this club is three-fold; one, to give its members an opportunity to keep in touch with the most recent events of the industrial world; two, to promote vocational and industrial activities in the home and school. The last is to furnish social activities, literary programs, and support the athletic games of the school.

B. T. H. S. Orchestra

The orchestra of the school has grown considerably during the school year under the able leadership of Mr. L. L. Carl.

The music festival, the first of May, owes much of its success to Mr. Carl. Directed by him the orchestra played a selection from Carmen, a truly worth-while number.

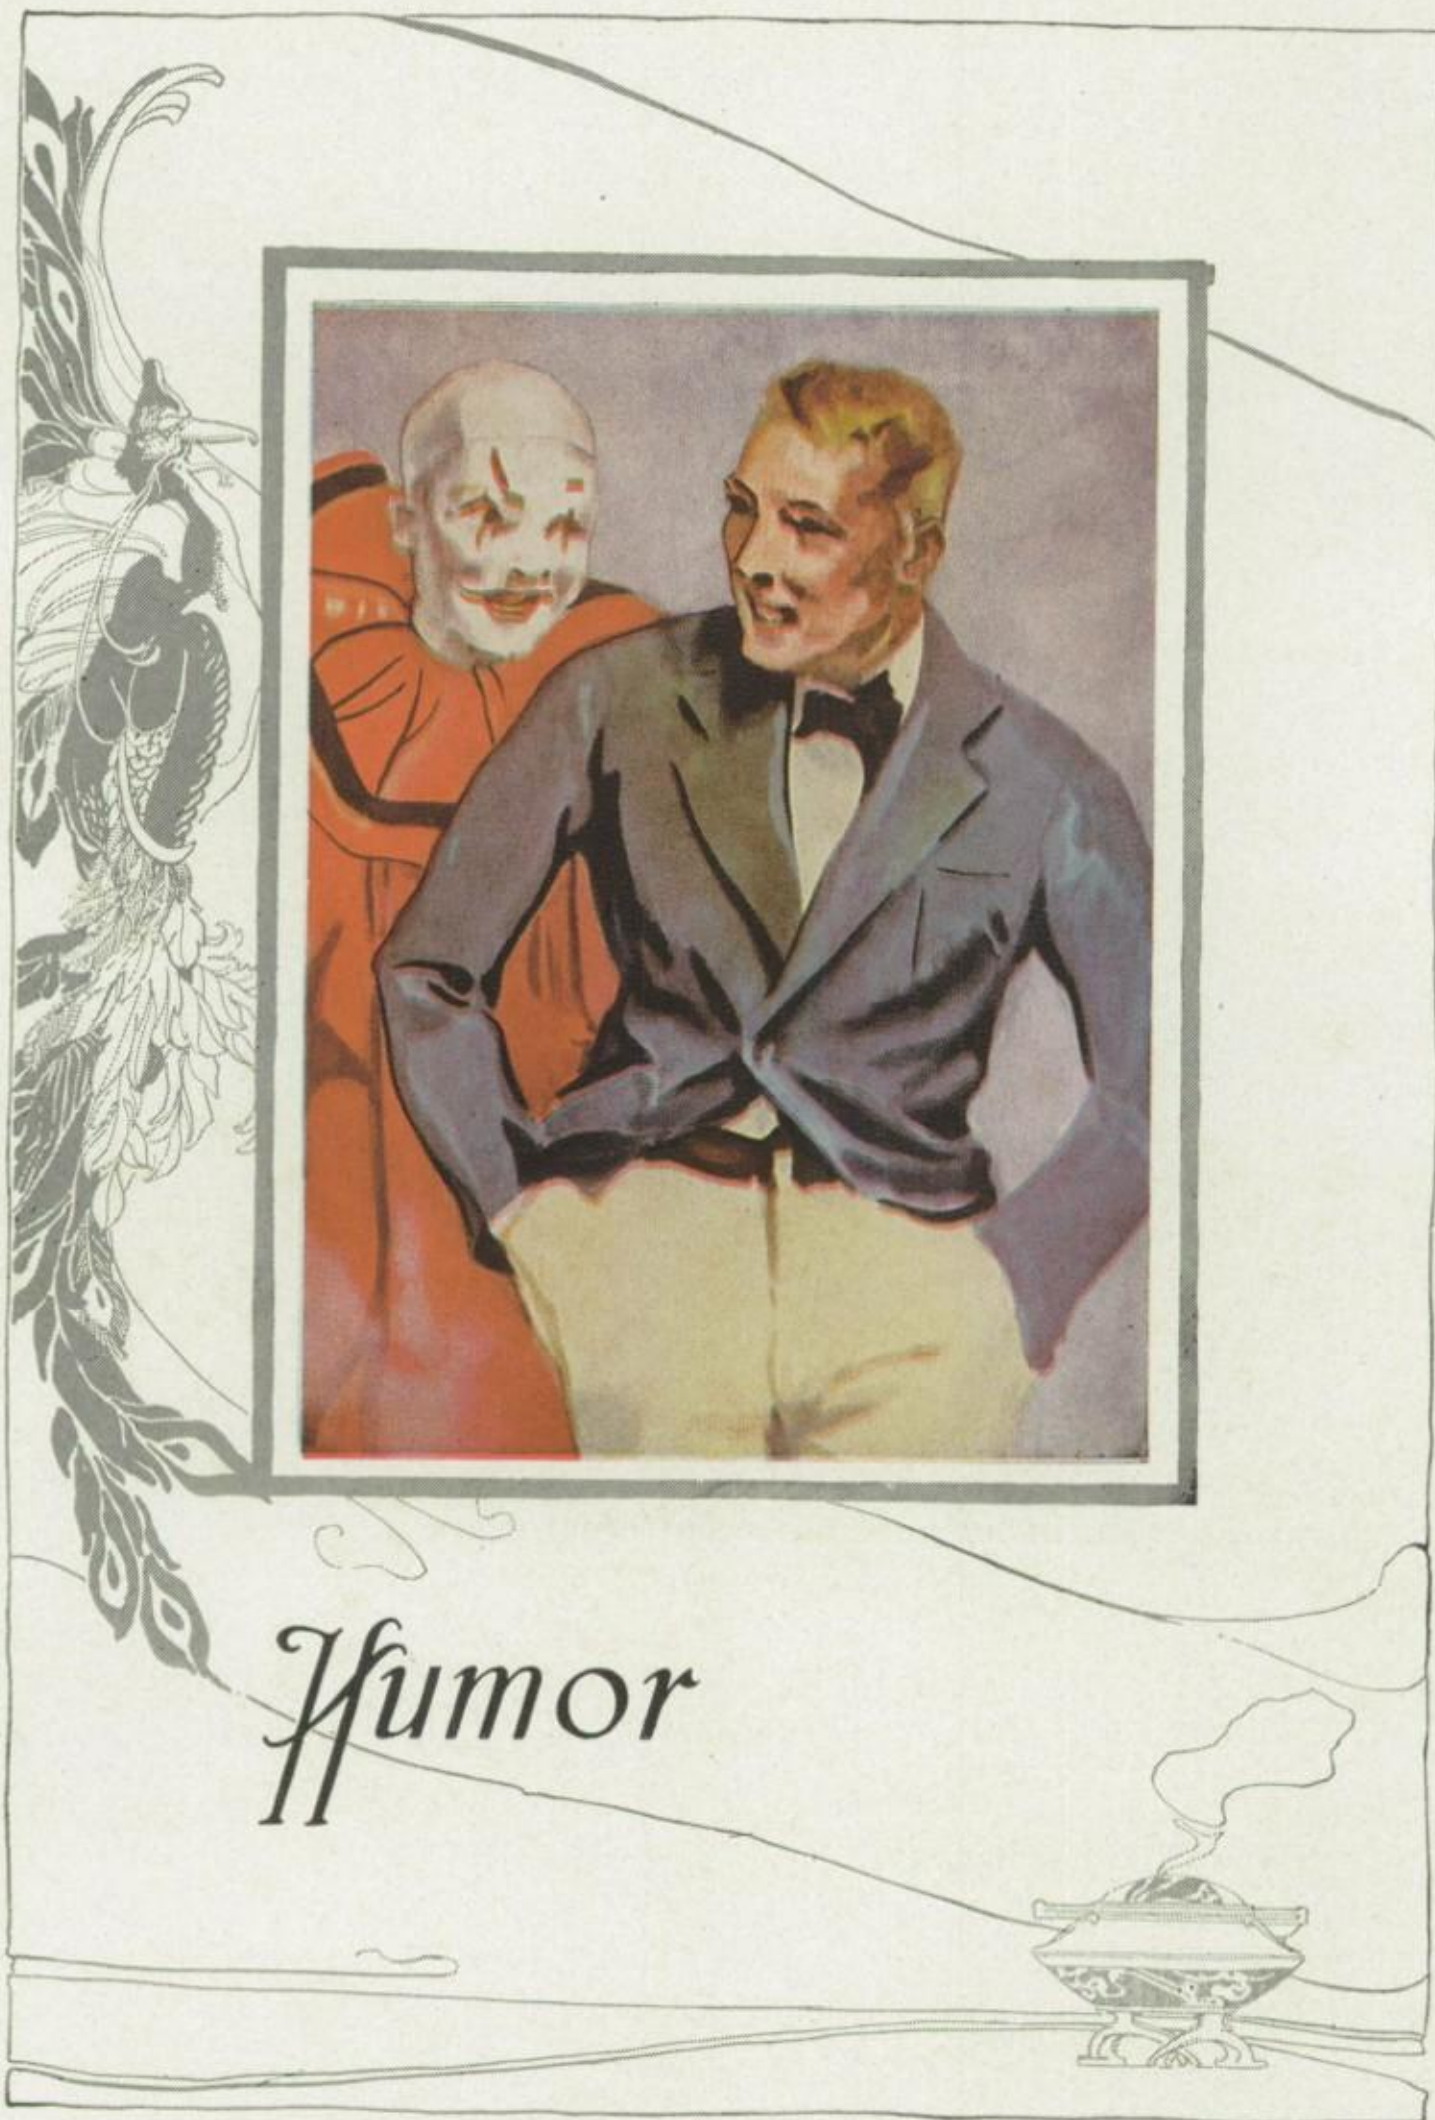

The orchestra fills a place in general assemblies and school activities. Their public appearances have been much appreciated by not a few of the civic organizations. The recital at the closing of each semester is quite a big event for the organization and has greatly stimulated student and civic interest in the orchestra.

Current History Club

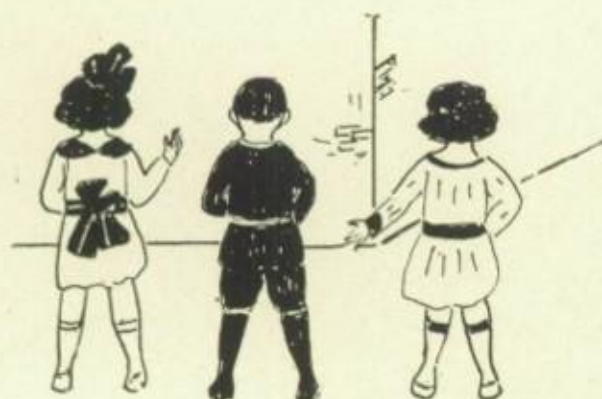

President	Roland Voelker
Vice-Pres.	Harvey Schmidt
Secy.-Treas.	Edward Kloess
Sponsor	Miss McElwain

The Current History Club exists that the students may have an opportunity to keep better informed concerning leading events of the day. Each member adopts the name of some prominent person, and at every roll-call relates something concerning this character. This greatly encourages the student to keep up with the accomplishments of the great leaders that they represent.

The programs consisted during the last year of papers and talks which dealt with current events. At the beginning and end of the semester contests were held to determine to what extent the members were acquainted with important and recent occurrences.

April 9—Election of school queen. Who is it?

April 10—Bellevinois goes to press.

Who's Who and Why—1925

Kenneth Kugler, B. B., B. B., stands for Bachelor of Baseball and Basketball. "Kug" came all the way from Okawville to meet us. He is a real sport.

Rosa Hofsommer. She wanted the moon. Did she get it? She did.

Carl Feickert—poor Callie, never knew just when the girls were kidding him or if they really meant it, but then neither did any girl quite "get" him as far as he knew. We never could understand how he stuck to his policy "Resist 'em boys," but then he was the beautiful but dumb kind.

Mary Ann—legally correct in the order mentioned, but she ruled a court of her own with giggles and thrills. Her clever use of the pencil makes us think we'll meet her in the funnies some day. My John! That was Mary Ann all over.

Abe Small—hailed from Murphy and right off the bat came to know us well. Marcelle, black and fluttering eyes,, Abie had many an "Irish Rose."

Robert Bentley—If it hadn't been for the "Little Minister" the class of '25 would long have gone astray.

Richard Bertram—Possessed himself of various faculties and became Richard I of the Belleville Hy News. Thereafter he had his troubles too.

Mae and Ann Tremain were almost twins, only several years apart you know, otherwise alike. They were our Rebecca's from Sunny Brook Farm.

Ham Bollman—had the meanest vamping eye, but he was practically a one-woman man, or wasn't he?

Fret not, fair one. Comes Oscar Kohl, who could not and would not be accused of being for one alone. He rather loved them all. He was Carlie's better half, although Carlie often admitted he got an awful lot of pain from that side.

Lenny Niess couldn't help coming from Trenton and that he was his daddy's little boy.

Ambassador Arthur X. Q. Z. Neuf of Freeburg speaking. Ambassador became quite excited frequently, especially with the girls.

Webster Schmidt let the author of the dictionary name the book after him. The head man of our school was also given permission to use the name whenever he didn't mention anything disagreeable to "Webby."

Lillian Duvall, the staff's artist, also Fritz's, so it seems. "Lil" held the title of one of the best looking girls in school.

"Til" Tegtmeier who owns the great big eyes that are forever calling come hither, to someone.

Mr. Paul Meier, always for the girls. Mr. Meier is thinking of putting an ad. in the school paper for a co-passenger for his new car.

"Jenny" Winkler, our peachy editor, always for the school. Ask her about her thrills at the Washington U. formals.

Pete Kern is just another editorial of his dad's.

Rogers Jones, the sheik of Freshie town. By the way, wonder whom he meets at the movies every Saturday?

"Bud" Dechant, also quite the thing. A different girl every minute.

Allen Daley. A nice boy all right—but so much in love! That's all right, we all get that way, too.

Al. Sprich, little, but mighty in words. The sheik will succeed Hamlet some day. Already he has been booked by the dramatic club for an entire season.

Mr. Friedli, first, last and always for his team. He has put out winning teams for the last several years. He doesn't have any troubles about lack of ladies, though. Didn't he take some to Centralia? Poor Mr. Friedli, we feel for you.

Earl Taylor, one of those little thorns in Mr. Schmidt's crown.

Quentin Greeley when not talking about Kansas is a pretty nice fellow. Liked to show his superiority by rushing the faculty.

Dale Carroll—and then there would be music for hours on the beauty of this and that. His mind quite often ran to very serious things though, such as evolution of the manner of a mosquito's attack on the human race.

Last Will and Testament of the Class of 1925

SECTION 1.

We, the class of 1925, of the Belleville Township High School, of Belleville, Illinois, U. S. A., being of firm mental ability and in possession of all our faculties, do for the benefit of our posterity make our last will and testament. As we close this particular chapter in our life's history it comes upon us that we must leave our footprints on the sands of time and since there is no time like the present we intend to keep fresh a memory of this class by distributing our good and bad habits and otherwise, among those we leave behind us.

SECTION 2.

To Mr. Schmidt, we will a thanks, appreciation and forgiveness, which only he can understand and use. In leaving, we wish to say, "May you ever cherish the memory of the class of 1925."

To the faculty, singly and together, we will a thanks for their efforts. Time will only tell to what end they have been given.

To the Juniors, we will the ability of impressing the world as knowing everything. Let not the Freshmen gain an inch.

To the Freshmen, we will our policy, "Never do today what you can do tomorrow, and remember that he who laughs last gathers no moss."

To Mr. Cross, we will all our best wishes for success and humbly ask forgiveness for classing him as a student.

To Mr. Butts, we will a place in heaven as ticket-taker at the pearly gates. May they admit us to many such games as we have hertofore seen. See you later, George!

To Mr. Karch, our fondness for red neck ties, which helped him wonderfully to expound for hours on the absence of cold.

To the next Bellevinois staff, we will the staff room. May you have influence enough to have them furnish it more frivolously with a dictionary and pencil sharpener.

To all the old gang that never belonged there, do we, the Bellevinois staff will our detective force, who soon saw to it that you weren't there.

To Benzine Bill and Mrs. Jones our last sympathy that they must live without us.

To the cats, Felix and Jeremiah, our love for giving many a recitation hour a few moments of relief to the tune of the old cat string.

Dress Well and Succeed

Correct attire is the badge of ability. Only the man who is methodical and ambitious and in touch with affairs of progress and success is careful about his dress. In the armor of good clothes, no person need hesitate to attack the problems of life. He is sure of his position. He has established his faith in himself. He has paid his tribute to society. He has gained free entry to the realm of business and professional accomplishment. It is not a matter of appearance, only. The spirit which animates the well-dressed man is not a reflection of his clothiers' skill and taste, but the emanation of his own high character. Relieved of any anxiety over clothes, he devotes his energies to the appointed task, confident, cheerful and with full knowledge that the battle is three-fourths won. His garments may not make the man, but they tell the story of his habits, and they appraise the value of his service and his qualities.

When you buy your clothes and wearing apparel from Romeiser's, you are assured of being correctly dressed, and you will have that necessary confidence to go out and face the world at your best.

THE DIFFERENCE

Burmese girls can't enter society without ear plugs.
American boys cannot enter society without spark plugs.

Al.: "Lance, did you ever stop to think why you part your hair?"

Lance: "No, why?"

Al.: "Every block must have an alley."

Pete Kern has decided that he knows more than his instructors because they say
it's impossible to teach him anything.

Carl: "Why do you leave your shoes in the sunlight?"

Quentin: "I'm trying to make them tan."

Day by Day in every Schoolroom,
Office and Workshop the import-
ance of the conservation of
sight is more evident. The waste
of energy due to eye strain is
the greatest cause of inefficiency.
If your eyes are at fault do not
handicap yourself in your work
or studies. Properly fitted glasses
will relieve the strain from your
eyes and conserve your sight.

White with Frost

*This freezing unit, so cold that it chills
all moisture out of the air, creates the—*

Zone of Kelvination

Picture a metal freezing unit, thickly coated with white frost, in the ice compartment of your own refrigerator. Imagine this freezing unit nearly twenty degrees colder than ice. This is Kelvinator Electric Refrigeration.

It works a wonderful transformation in any refrigerator. First of all it makes it colder. Second, it causes all moisture to disappear from the inside of the refrigerator. The air becomes dry;—as crisp and sharp as the air on a frosty morning.

This dry cold is the wonder-working Zone

of Kelvination. It not only keeps foods fresh and appetizing for *days*, but actually improves them.

In the frost-covered freezing unit there are trays where cubes of ice can be frozen for table use. The same trays can be used for freezing sherbets, ices and new and delightful frozen salads.

Kelvinator relieves the user of the annoyance of ice delivery and the inconvenience of caring for an ice box. And is an actual economy.

The Kelvin-et, combining Kelvinator and refrigerator all in one, is priced at \$250, F. O. B. Detroit.

To Our Advertisers—

We, the members of the 1925 Bellevinois Staff, extend to you our grateful appreciation, since you have materially contributed to make this book a success. We know and realize what a large part the advertiser plays in the publication of our annual, and we have done everything in our power to bring about a proper reciprocation by impressing upon the students of B. T. H. S. that the advertiser is helping support his school and its activities. The student body knows that the advertiser is backing his school. We can safely assure that the student will do his bit and help support the advertiser.

The Truthful Orderly.

Army Colonel, in an address to recruit soldiers: "Boys, I've worked hard for my commission. I can take one of your rifles today and shoot 10 straight bullseyes at 500 yards." Then turning to his negro orderly, he said. "Isn't that right, Mose?"

He was startled by this reply: "Yes sah, boss, you sho' can shoot de bull."

Let us thank Mr. Wrigley. If it were not for chewing gum, lots of people we know would never get any exercise at all.

Bill T.: "Some high school student came in here the other day and he died from over-exertion."

Slim: "Yeah? Mine couldn't come, they had to go to Julius Caesar's funeral."

Barber to Mr. Meyer: "Will you have a hair cut?"

Mr. Meyer: "Gosh no, cut them all."

One and one make two, but two and one make trouble.

Mr. G.: "Did you ever understand a woman?"

Mr. F.: "Once."

Mr. G.: "How come?"

Mr. F.: "She said 'No.'"

THE HIGH SCHOOL STAR.

Oh, he's a star. We wonder why
He played two years for Belleville High;
He is the stuff in this huge town,
To hear him tell it, he's the clown;
Was the whole cheese, the other ten
Were all unnecessary men.
He wears a white and maroon sweater,
And on his chest, a two-foot letter;
He brags and struts around the campus
He thinks he's "hot," but he's as damp as
Any sponge that's soaked in water.

CONGRATULATIONS TO THE CLASS OF '25.

The Southern, Coal, Coke & Mining Company wants to congratulate the members of the Class of 1925 of the Belleville High School. You have completed the tasks set for you by instructors and have now passed an important milestone in your lives.

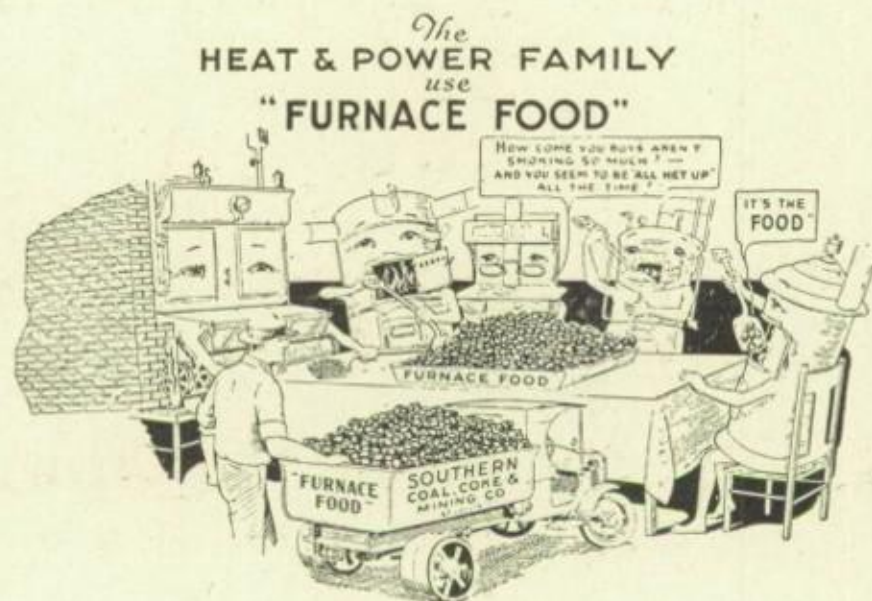

So far you have traveled together. Now you separate. Memories of the past years will remain with you always—pleasant memories of work and play. The commonplace things of school days will now begin to take on a different aspect. All of those happenings that you have joyed in or worried over will take on a rosy tint—in memory. They will live on, but not return.

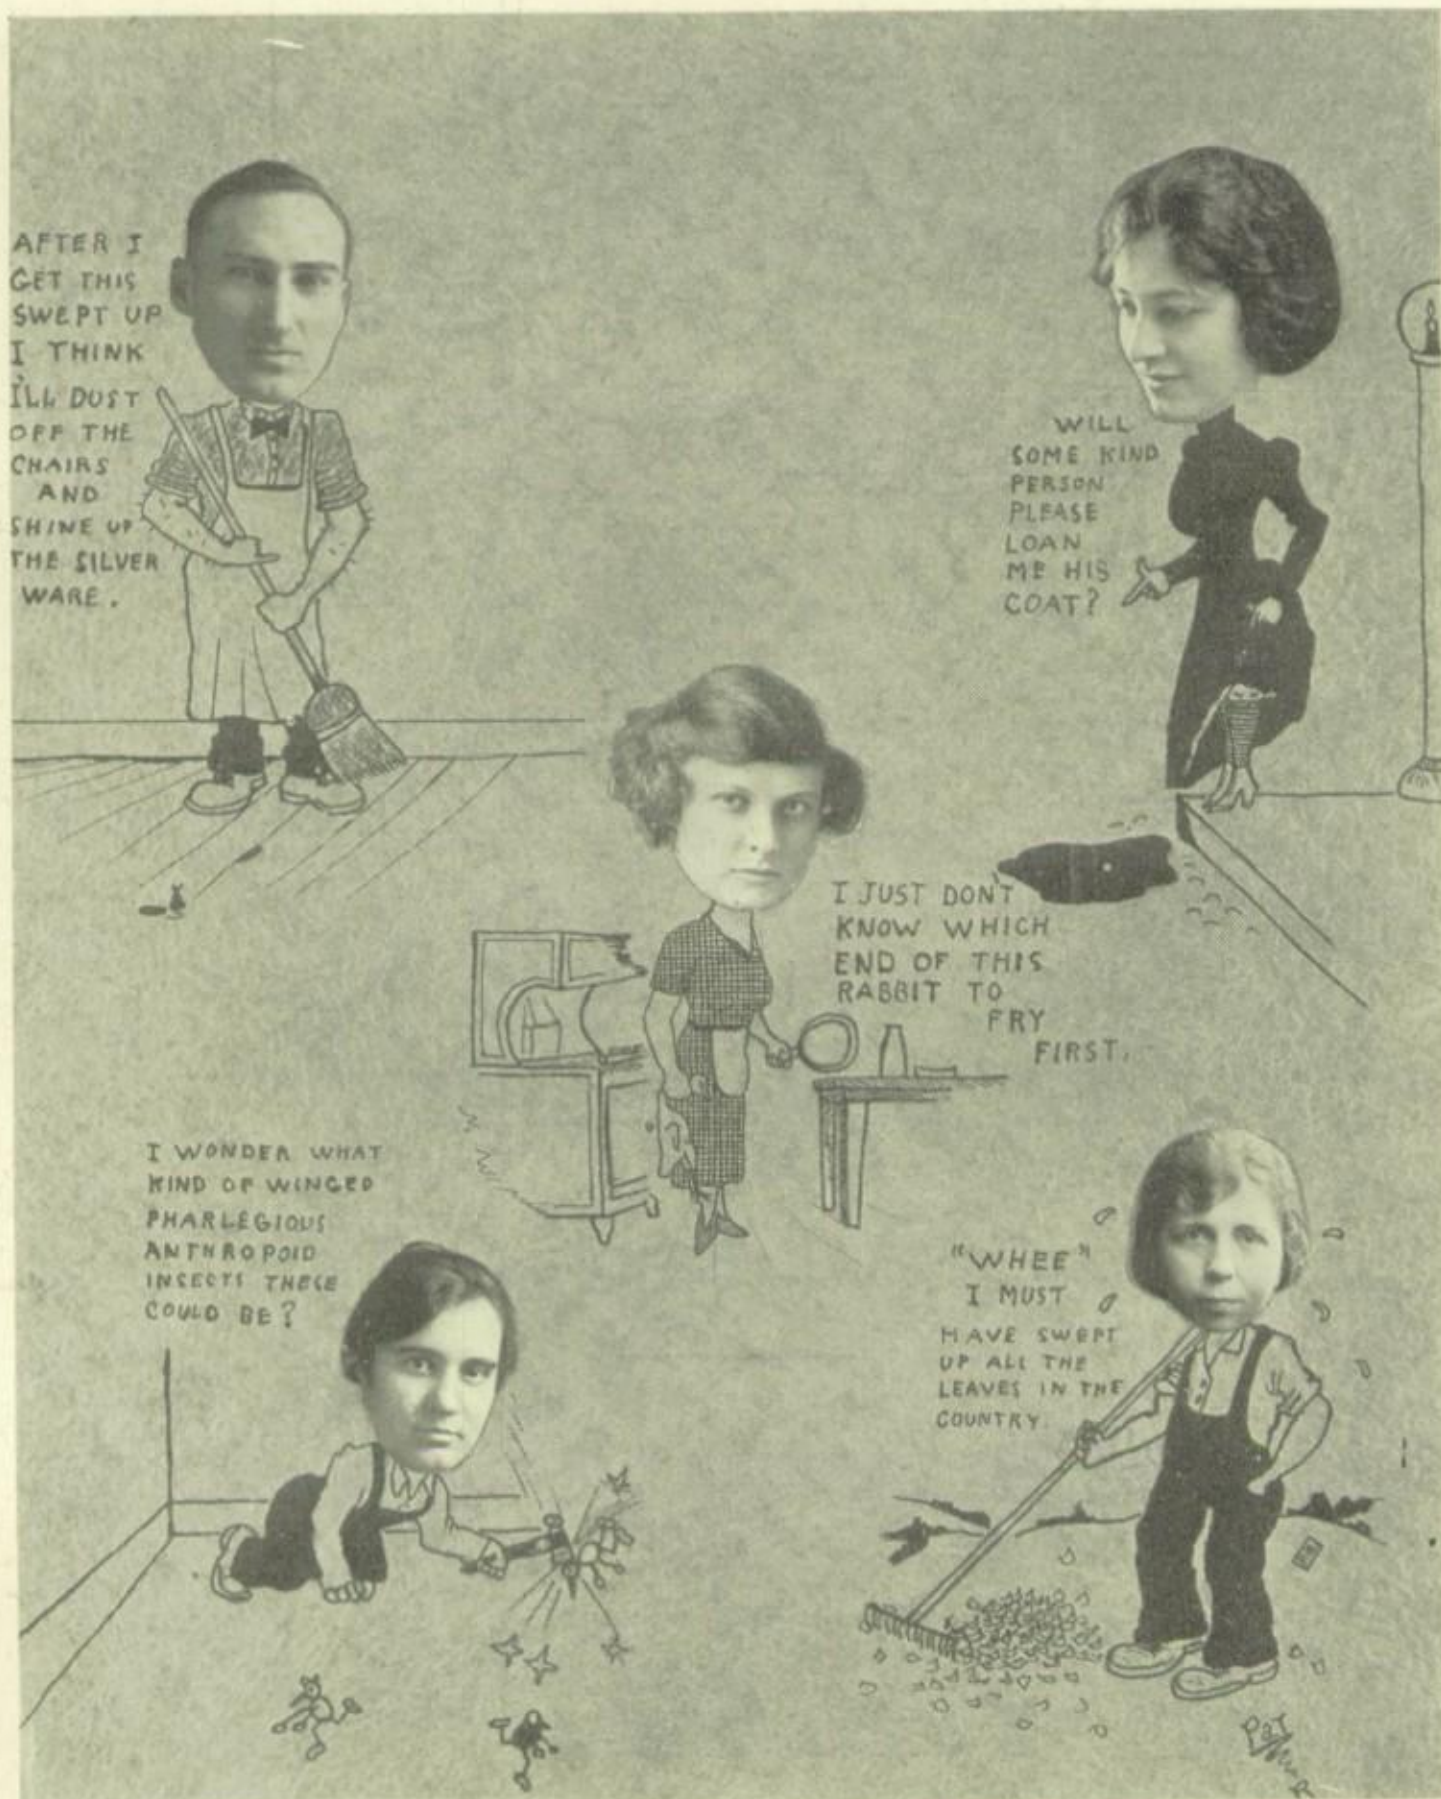

Now you step out into the world of business and professional life. In this new world-school we have preceded you a few years. We have been learning from experience. Experience is a great teacher. We are glad to welcome you all to her school.

We hope you will find us agreeable school-mates in this great school of business experience. We wish you every success.

Before closing, we desire to extend our congratulations to your parents who have loved and cared for you and encouraged you on your way to educated manhood and womanhood, and to the city of Belleville, which by its spirit of progress has surrounded you with a beautiful and growing city, and furnished the excellent instructors, buildings, and equipment which have made your school days a source of delight.

Songs and Thoughts

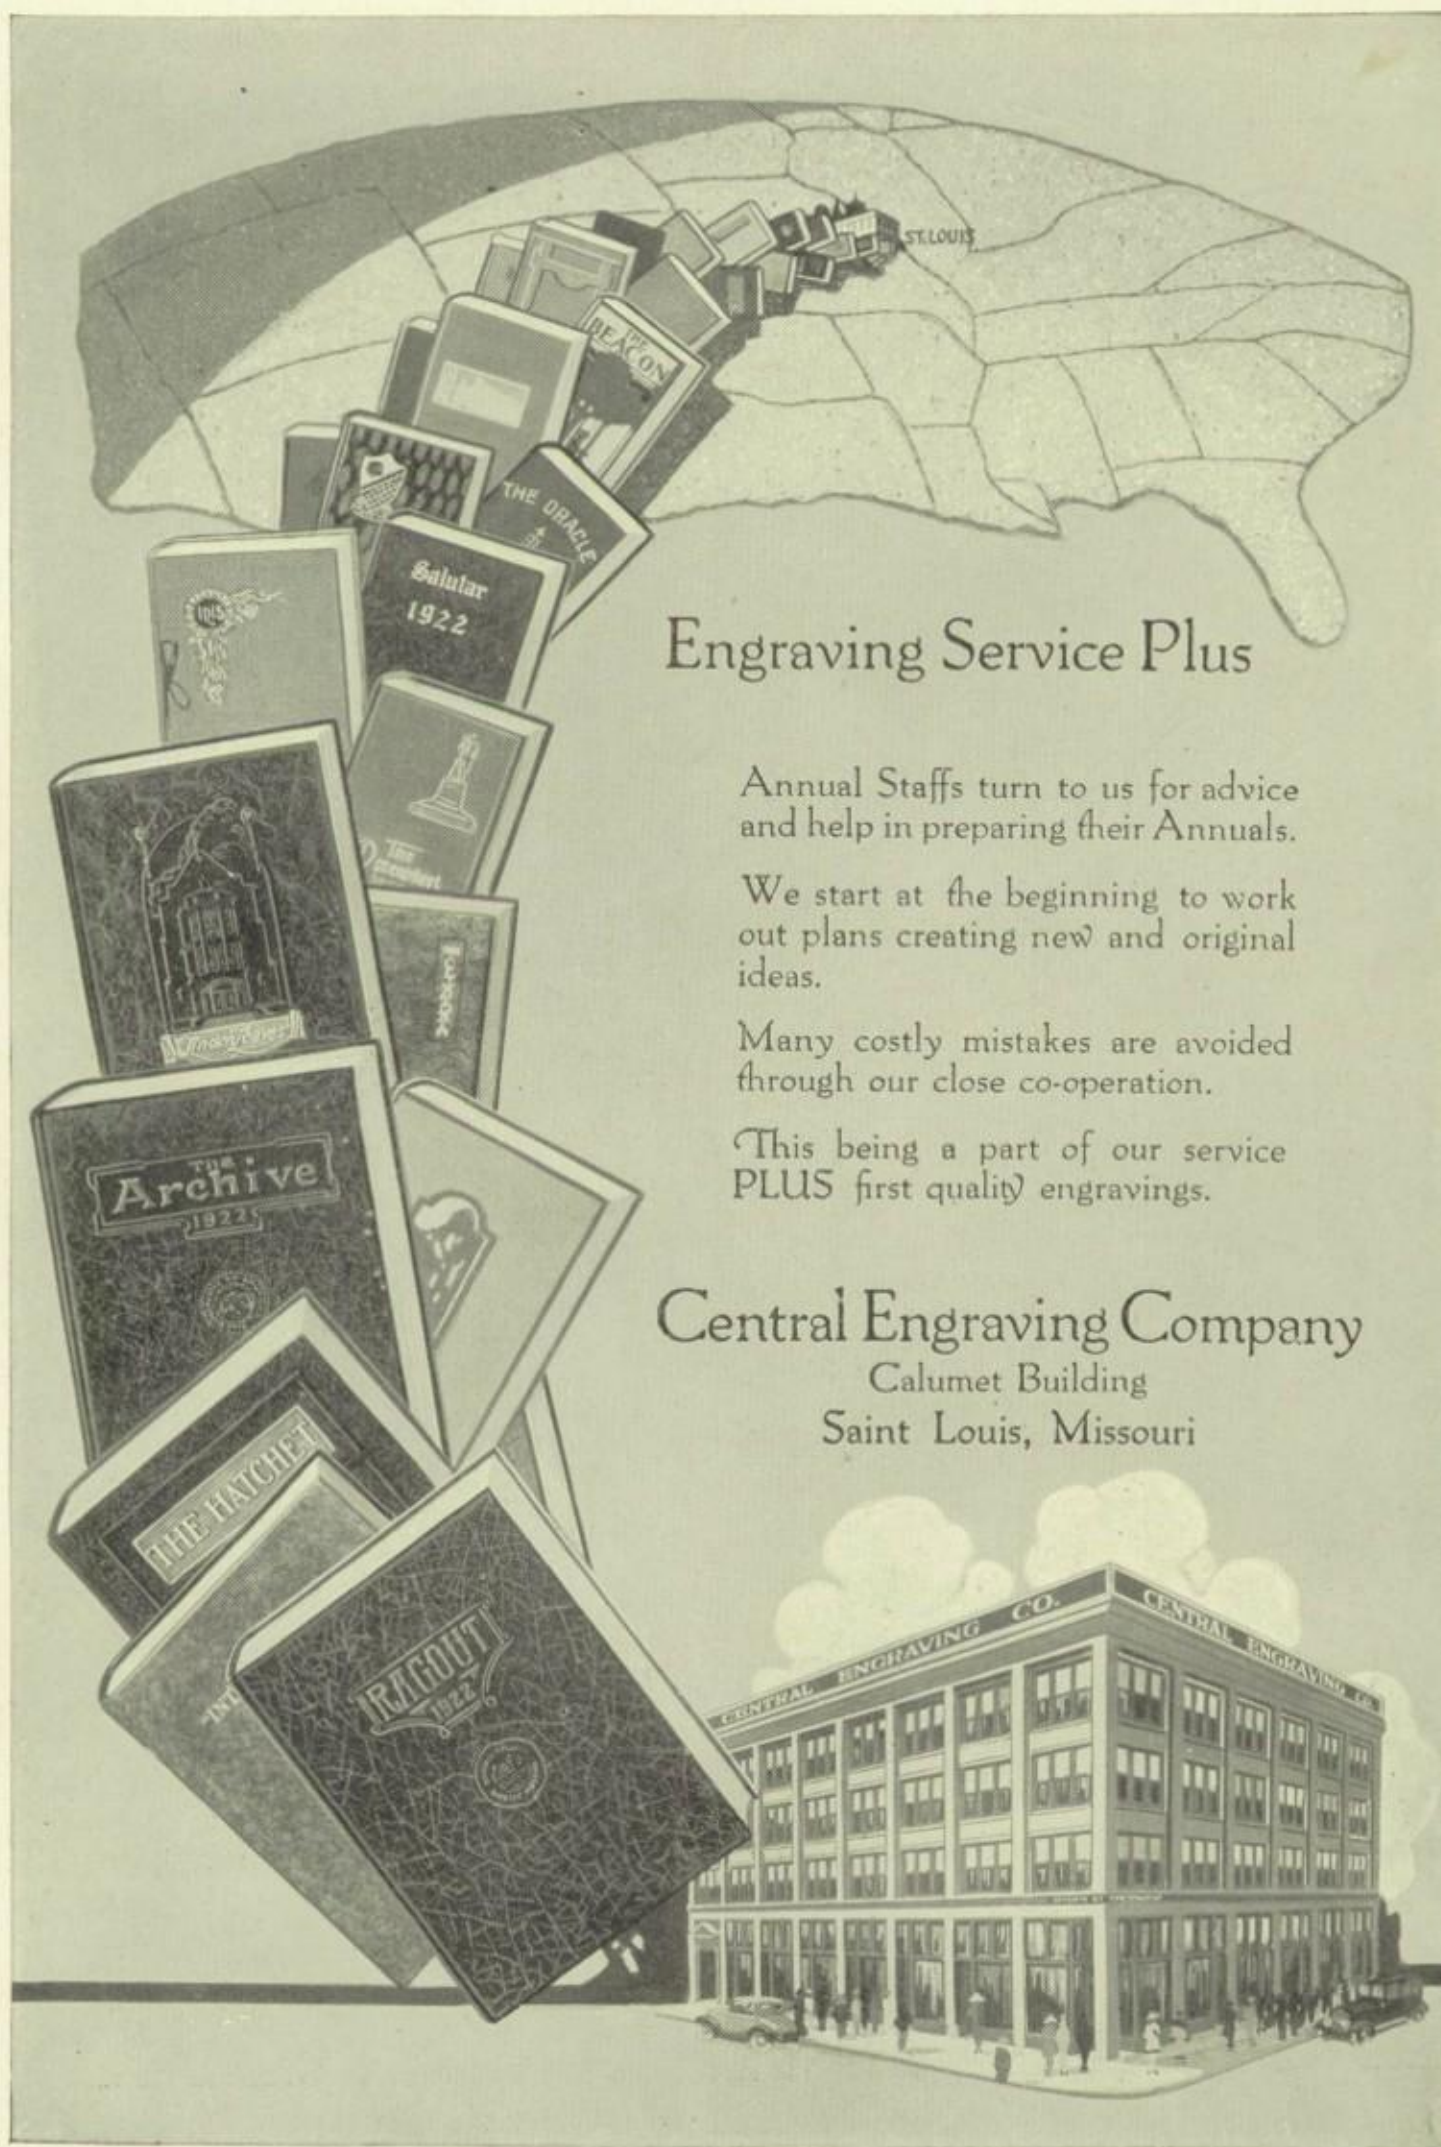

I have a song upon my lips,
 Been resting there for days.
It is a song that is the sweetest
 Of all the poets' lays.
It makes me thrill, it makes me trill,
 It shrouds real things with haze
And if the world could hear that song
 'Twould stand entranced, amazed.

I've searched about with patience great
 For words to hold my song;
I've listened long for fitting notes
 To bear the thought along.
But oh, vain search! those notes and words
 Are lost unto the throng
For whom I'd sing that sweet, sweet lay
 Which I have heard so long.

I have a thought upon my mind,
 The noblest ever known;
It bears me up on wings sublime
 When I am left alone;
It quiets my soul and stills my cares,
 I feel I'm bigger grown.
Oh, if the world could get that thought
 'Twould be nearer to truth's throne.

Again I find that I but fail
 To find a fitting word;
My noble thought, precious to me
 Is to the world unheard.
I stammer out a faulty speech,
 The thought remains obscured;
Spite all attempts to make it clear,
 It's still confused and blurred.

—Robert A. Bentley, '25.
